Zoning map means a digital record of zoning designations effected by this bylaw and maintained in the City's Geographic Information System, a paper print of which is attached as Schedule A.

1.4 Interpretation

1. The regulations and requirements in Parts 1 through 4 of this bylaw apply to land in the City in accordance with the zoning designations indicated on the zoning map, and if Parts 5 through 10 specify regulations and requirements for a particular location within a zone, then the specific regulations and requirements take precedence.
2. The regulations and requirements in Parts 1 through 4 apply to any existing lot in the City that does not comply with subdivision lot area or dimension requirements in Section 2.3.g., despite such non-compliance, and each such existing lot may be used for any of the uses permitted on that lot under Part 5 through 10 unless the lot does not meet a minimum site area particularly specified for that use.
3. For certainty, if the zoning map indicates that a lot lies within two or more zones, each portion of the lot may be used and built upon only in accordance with the regulations and requirements applicable to that portion under Part 5 through 10.
4. Streets and lanes are deemed to have the same zoning designation as the abutting land, and any zone boundary that coincides with a street or lane is deemed to be located at the centerline of the street or lane.
5. Any zone boundary that coincides with a railway right of way is deemed to be located at the centreline of the right of way.
6. In the event of any inconsistency between the text of this bylaw and an illustration or diagram that relates to the text, the text takes precedence.
7. No person shall use land or a building or structure, or allow or permit another person to do so, for a use that is not identified in Part 5 through 10 as a permitted use for the zone in which the land, building or structure is located.
8. No person shall place, erect, construct or alter a building or structure, or allow or permit another person to do so, except in accordance with this bylaw.
9. No person shall use land or a building or structure, or allow or permit another person to do so, except in accordance with the requirements of this bylaw in respect of the provision of motor vehicle and bicycle parking spaces, the provision of loading spaces or the provision of screening or landscaping.
10. No person shall subdivide land except in accordance with this bylaw.
11. Unless otherwise specified, where a calculation results in a fraction, if the number following the relevant decimal point is 5 or greater it shall be rounded up and if this number is 4 or lower it shall be rounded down.

1.5 Enforcement

1. Officials administering Building and Plumbing Regulation Bylaw, 2003, No. 2498 may withhold any permit for construction, alteration or occupancy of a building or structure that does not comply with this bylaw.
2. Officials administering Business License and Regulation Bylaw, 2013, No. 2916 may withhold any business license if the business in question is not permitted by this bylaw at the location for which the license is sought, or if the operation of the business in question would not be in accordance with any requirements of this bylaw for that business.
3. Officials designated by the City to enforce this bylaw may enter on land including any place that is occupied as a private dwelling, to inspect and determine whether the regulations and requirements in this bylaw are being met, and in the case of a private dwelling may enter only in accordance with s. 16(5) of the *Community Charter*.
4. A person who contravenes this bylaw is liable to a maximum fine of \$10,000 and, in the case of a continuing offence, each day on which the contravention continues constitutes a separate offence that is subject to that maximum fine.
5. This bylaw may be enforced by means of a municipal ticket information, in which case the offence descriptions and ticket fines set out in Schedule B21 of Municipal Ticket Information System Bylaw, 2011, No. 2846 apply.

2. General Provisions

2.1 Uses Permitted in All Zones

- a. The use of land, buildings and structures for municipal facilities, public utilities and services, including transit facilities, is permitted in all zones.
- b. Horticulture, limited to non-*agriculture* gardens and landscaping.

2.2 Uses Prohibited in All Zones

Without limiting the generality of section 1.4.7, the following uses are prohibited in all zones:

- a. *Auto Dismantling and Recycling Yard* except that this use shall be permitted on the following properties:

- d. The use of any premises for the dispensing of heroin, or other controlled and illegal substances, for use on the premises, and the use of any premises other than a licensed pharmacy for the dispensing of methadone for use on the premises.
- e. The use of any premises, other than public and private schools, churches and community recreation centres, for public dances to which persons under the age of nineteen years are admitted and for which an admission fee is charged.
- f. The use of any container, structure, area of land, or premises, other than within a fully-enclosed building, by collection in-person, or by delivery to a person, for the collection or receipt of used or donated goods.
- g. *Adult entertainment.*
- h. *Escort services.*
- i. *Body rub service.*
- j. *Pawnbroking.*

- k. *Personal Health Enhancement Centres*.
- l. *Cheque-cashing*, other than those provided in a bank or credit union.
- m. Currency exchange services, other than those provided in a bank or credit union.
- n. Payday lending services.
- o. Storage of shipping containers, other than such storage as is reasonably incidental to the loading or unloading of the container.
- p. Uses located in travel trailers or similar mobile or temporary shelters, other than mobile vendors licensed under Business License and Regulation Bylaw, 2013, No. 2916 and structures and uses permitted in Section 2.3 I of this Bylaw.
- q. Fences constructed of razor wire or barbed wire.

2.3 Regulations Applicable to All Zones

a) Water and Sewer

- i. All buildings shall comply with the provisions of the City of Langley Water Works Regulation Bylaw and the Sewer Regulations Bylaw.

b) Height of Buildings and Structure

- i. The figure indicated in a column of a table in Zones R1 to A1 of this bylaw with the heading "Height" is the maximum height, in metres or storeys as the case may be, of any building or structure of the type indicated in the corresponding row of the table that is constructed or erected in the zone for which that maximum height is indicated.
- ii. The height limits in this bylaw do not apply to monuments, hydro transmission towers, flag poles or telecommunications aerials.
- iii. Fences in R zones may not exceed a height of 2.0 m.
- iv. Fences in other zones may not exceed a height of 2.5 m.

c) Swimming Pools

Swimming pools shall not be placed, constructed or erected within that area of a corner lot bounded by a line connecting (to form a triangle) the two points 9.0 m [29.53 ft] from the intersection of the exterior lot lines or their projections as follows:

Diagram:

d) Provincial Highway Setback

Where a building is to be constructed on a *lot* which fronts onto a Provincial Highway and the Ministry of Transportation and Transit requires a front yard setback in excess of the requirements of this Bylaw, the requirements of the Ministry of Transportation and Transit shall prevail.

e) Floodplain Requirements

On lands identified in the *Floodplain Elevation Bylaw*, the habitable area of any building constructed shall be sited in accordance with the elevation and setback requirements in the same bylaw.

f) Watercourse Setbacks

- i) No building or structure may be constructed:
 - a. within 30 m of the natural boundary of a Class A watercourse;
 - b. within 15 m of the natural boundary of a Class B watercourse; or
 - c. within 5 m of the natural boundary of a Class C watercourse,

unless an alternative streamside setback is determined by a Qualified Environmental Professional (QEP) and accepted by the authorized ministry of the Province of British Columbia in accordance with the *Riparian Areas Protection Regulation*.

- ii) For the purposes of this regulation, watercourses shall have the classification indicated in Schedule B.
- iii) Section i) does not apply in respect of:
 - a. any lot located in a subdivision for which a riparian area assessment was prepared and submitted to the approving officer prior to the approval of the subdivision, provided that the building or structure is sited in accordance with any covenant granted to the City under s. 219 of the *Land Title Act* as a condition of approval of the subdivision; or
 - b. any development authorized by a development permit issued for an area that has been designated as a development permit area for the protection of the natural environment, provided that the building or structure is sited in accordance with the development permit.

g) Subdivision

- i) For the purpose of this Section, subdivision shall include *lot* consolidation.
- ii) The figures indicated in a column of a table in Parts 4 through 10 of this bylaw with the heading “Lot” are the minimum lot area in square metres and the minimum lot width and lot frontage in metres, as indicated in the corresponding row of the table, of any lot created by subdivision plan or bare land strata plan in the zone in which the land being subdivided is located.

- iii) The minimum lot area specified by this bylaw does not apply to a subdivision that increases the area of a lot whose area is below the minimum required by the bylaw, as long as the subdivision does not reduce the area of any other lot below the area required by the bylaw.
- iv) Any *lot* existing prior to the adoption of this Bylaw which fails to meet the minimum *lot* area requirements of a Zone at the time of adoption of this Bylaw, shall not by reason thereof be deemed to be non-conforming or unlawful. Any subsequent use of the *lot*, however, shall comply with the regulations specified for the Zone in which it is located and any *lot* proposed by subdivision must contain the minimum *lot* area specified for the Zone.
- v) Where land taken from a *lot* for public purposes results in the *lot* having less area than the minimum *lot* area specified for the Zone, such *lot* shall not by reason thereof be deemed to be non-conforming.
- vi) Unless otherwise provided hereinafter, any *lot* created under the City of Langley Subdivision and Development Servicing Bylaw shall be in accordance with the *lot* standards prescribed for the Zone in which the subdivision is located.
- vii) For the purposes of s. 512 of the *Local Government Act*, the minimum frontage on a highway of a lot created by subdivision is 10% of the perimeter of the lot.
- viii) Nothing contained within this Bylaw or the City of Langley Subdivision and Development Servicing Bylaw shall be deemed to bind the *Approving Officer* to approve a subdivision complying with the prescribed minimum requirements as to shape and dimensions of a *lot* if, in his/her opinion, such minimum standards would not be adequate to accommodate the facilities, structures and open space required by the proposed use, or to protect the established amenities of adjoining or adjacent lands.

h) Minimum Separation Distances

The following minimum separation distances apply as described. Minimum separation distances do not apply to *Home Occupations*:

i.) Pharmacies

No pharmacy shall be located within 400 metres of any other pharmacy. This does not apply to pharmacies that are an accessory use within a grocery retail store that has a larger floorspace than pharmacy.

ii.) Thrift Stores

No thrift store shall be located within 400 metres of any other thrift store.

iii.) Body Art and Tattoo Service

No establishment containing body art and tattoo services shall be located within 400 metres of any other establishment containing *Body Art and Tattoo Services*, except that one instance of this use shall be permitted on one of the following two properties at a given time:

- 1) 103-20258 Fraser Highway (Lot 3, District Lot 309, New Westminster District, Plan LMS1395)
- 2) 20769 Fraser Highway (Lot A, District Lot 36, Group 2, New Westminster District, Plan EPP116332)

iv.) **Vapour Product Store**

No vapour product store shall be located within 400 metres of any other *Vapour Product Store*.

v.) **Personal Services**

No *Beauty and Wellness Centre* shall be located within 400 metres of any other *Beauty and Wellness Centre*.

vi.) **Child Care Centres**

- a) No child care centre within the area outlined in the map below shall be located within 400 metres of any other *Child Care Centre* within the area outlined in the map below.

- b) No *Child Care Centre* within the Industrial OCP land use shall be located within 225 metres of any other *Child Care Centre* within the Industrial OCP land use.

i) **Containers**

No shipping containers, other than for the storage of goods for shipment, the storage of goods and materials in the provision of public works and governmental services, and commercial and recreational uses that are permitted on the lot that the subject container is located upon and that provide transactional services to the public for a specified time period of the day, are permitted on *lots* in the City.

2.4 Regulations Applicable to Specific Zones

a) Parking Restrictions

- i) Land in the R1 and R2 Residential Zones shall not be used for the parking or other storage of commercial vehicles, other than:
 - a. one such vehicle having a gross vehicle weight of more than 5,000 kg provided that the vehicle is not more than 9.0 m in length and is parked or stored in a building; and
 - b. provided that the vehicle is in operable condition and bears a current licence decal issued pursuant to the *Motor Vehicle Act*, one such vehicle having a gross vehicle weight of less than 5,000 kg.
- ii) Land in R1 and R2 zones shall not be used for the parking or other storage of recreational vehicles, other than one recreational vehicle parked or stored:
 - a. in a building;
 - b. provided that the vehicle is in operable condition and bears a current licence decal issued pursuant to the *Motor Vehicle Act*, outdoors to the rear of the plane of the front wall of the principal building on the lot, and to the rear of the plane of the wall of the principal building facing any exterior side lot line; or
 - c. provided that the vehicle is in operable condition and bears a current licence decal issued pursuant to the *Motor Vehicle Act*, outdoors between May 1 and September 30, anywhere on a lot;
 - d. provided that no recreational vehicle parked or stored outdoors may exceed 10.0 m in length.

b) Home Occupations

Home Occupations shall be permitted in all Residential Zones provided that such occupations:

- i) Must be conducted by a resident of the *Dwelling Unit* in which they are permitted and shall not employ more than one person not resident therein.
- ii) Shall meet all Provincial and Federal health and safety requirements and produce no public offence or nuisance, by noise, vibration, smoke, odour, dust, heat, glare, electrical interference or by any other means.
- iii) Shall not give any external indication of the existence of the occupation, other than a name plate not exceeding 0.2 m² by displays, floodlighting, storage of materials, alteration of the appearance of buildings or by any other means.
- iv) *Child Care Centre* is permitted as a home occupation on R1 Suburban Residential lots, except on properties containing *Secondary Suites*, *Garden Suites*, or *Carriage Homes* or within *Plex-Home* buildings.

- v) No other *home occupations* may be operated in *single detached residential* premises used for a *child care centre*.

c) **Secondary Suites**

Secondary Suites must satisfy the following conditions:

- i) The registered owner of the *lot* on which the *secondary suite* is situated must reside on the *lot*.
- ii) Must comply fully with the B.C. Building Code.
- iii) Shall not exceed a *gross floor area* of 100 m².
- iv) Shall not exceed 40% of the *gross floor area* of the building in which the principal *dwelling unit* and *secondary suite* are located.
- v) Must provide at least one off-street parking space in addition to the two spaces normally required for a *single detached residential* use as set out in Section 3.5 of this Bylaw.
- vi) Must be inspected and approved for compliance with all requirements by way of a building permit application and recorded in a secondary suites registry maintained by the City of Langley.

d) **Garden Suites, Carriage Homes, and Accessory Buildings & Uses**

- i) The registered owner of the *lot* on which a *garden suite* and/or *carriage home* is situated must reside on the *lot*;
- ii) An accessory building or a *carriage home* or *garden suite* in an R1 zone must be sited at least as far from the front lot line as the *principal building*, and at least 1.0 m from the principal building.
- iii) The maximum total floor area of *accessory buildings* on a lot in an R1 zone is 60 m².
- iv) The maximum gross ground floor area for a *carriage home* or *garden suite* in the R1 zone is 100 m², and limited by the maximum lot coverage in the R1 zone.
- v) An *accessory building* in R2, R3, R4, or R5 zone must be sited at least as far from the front lot line as the *principal building*, and 1.0 m min. from the *principal building*.

e) **Visibility at Intersections**

- i) That portion of a corner lot that is enclosed by the lot boundaries common to the lot and the abutting streets and a straight line joining the points on those boundaries that are 3.0 m from the intersection of those boundaries shall not be used for landscaping or for the erection or placement of any building or structure, including any fence or retaining wall that is over 0.5 metres in height according to the below diagram.

- ii) No building, structure or landscaping more than 1 m in height above grade may be erected, placed or maintained on that portion of a corner lot that lies between the area described in the preceding Section and a straight line joining the points on the lot boundaries that are 6.0 m from the intersection of those boundaries.

Diagram:

f) Projections Into Yards

The following may project into or be located in a required front, side or rear yard:

- i) All Single Family and Multiple Residential Zones, and Commercial Zones that permit multiple residential uses: eaves and gutters, cornices, sills, bay windows, sun shades, chimneys, steps or other similar features provided that such projections do not exceed 1.0 m.;
- ii) All Multiple Residential Zones: balconies not exceeding 1.5 m.
- iii) All Commercial Zones: marquees and canopies, provided that such projections do not project closer than 1.0 m to the vertical projection of the curb line and the minimum height of the underside of a canopy shall be 2.5 m;
- iv) All Zones: steps, arbors and trellises, fish ponds, ornaments, flag poles or similar landscaping features, uncovered patios or terraces. Swimming pools shall not project into front yard setback areas. Basements shall be set back a minimum of 2.0 m from the *front* and *exterior* lot lines; and
- v) In the C2 Zone, gasoline pumps provided that such pumps or pump islands shall be located not closer than 4.5 m to any property line.

g) Caretaker's Dwelling Unit

A *caretaker's dwelling unit* shall be located within the *principal building* and shall not exceed a maximum size of 93 m².

h) Garbage Containers

In all Commercial, Industrial and Multiple Residential Zones (with underground refuse areas), garbage containers shall be sized to accommodate the use, located entirely on

the *lot*, placed on a concrete pad with floor drain connected to the sanitary sewer and fitted with a frost-free hose bib.

i) Drive-in and Drive-through Commercial Establishments

Restaurant, financial institution, and other commercial uses in the C1 and C3 zones are not permitted to include drive-in or drive-through facilities for the provision of services to customers in motor vehicles.

j) Child Care Centres

A *Child Care Centre* is permitted on an R3, R4 and R5 zoned lot and the indoor area of the *Child Care Centre* is exempted from the FAR of the host building up to a maximum of 230 m². The maximum size of a *Child Care Centre* is 230 m² indoor area in the R3 and R4 zones and 350 m² in the I1, I2, and I3 zones. A minimum of 8 m² of indoor area and minimum 6 m² outdoor area are required per child. The outdoor area requirement for the Child Care Centre can include up to 50 percent of the required outdoor *amenity space* for the *principal building*.

k) Unit Mix

Five (5) percent of all *dwelling units* on R3, R4, R5, C1 and C3 zoned lots must include 3 or more *bedrooms*, other than in *Congregate Housing*, *Designated Post-Secondary Student Housing*, *Senior Citizens Care Facility*, or *Seniors Oriented Multiple Unit Residential* buildings.

l) Amenity Space Requirements

1. Within *apartment buildings* with 25 or more *dwelling units*, *amenity space* shall be provided at a minimum area in accordance with the following table:

<i>Dwelling Unit Range</i>	<i>Amenity Space Requirement</i>
For <i>dwelling units</i> 1-100	3 m ² / <i>dwelling unit</i>
For <i>dwelling units</i> 101-200	2 m ² / <i>dwelling unit</i>
For <i>dwelling units</i> 201+	1 m ² / <i>dwelling unit</i>
*Both indoor and outdoor amenity space shall each comprise a minimum of one-third of the total amenity space requirement.	
*The minimum area of an indoor amenity space shall be 50 m ² .	

2. Within *townhouse* properties with 20 or more *dwelling units*, outdoor *amenity space* shall be provided at a minimum area of 1 m²/*dwelling unit*. Any required area not provided shall be compensated for in cash-in-lieu by the developer/owner of the property, in an amount calculated by multiplying the remaining required amenity area by the average value per square metre within the *lot*, as calculated by adding the most recent assessed values of each comprising *lot* and dividing this sum by total *lot* area.

m) Off-site Hospice

In addition to the uses otherwise permitted by this bylaw, on the land described below, administrative support, training and counselling services associated with an off-site hospice use are permitted between the hours of 8:00 am and 6:00 pm on weekdays:

20660 – 48th Avenue - Lot 33 Section 35 Township 7 NWD Plan 25953

n) Zone Density Exceptions

1. In addition to the maximum density and minimum *lot* area permitted in the R1 Zone in this Bylaw, the properties addressed 20294 49 Avenue and 4865 203 Street shall each be permitted a maximum of 6 *dwelling units* and to subdivide into a maximum of 2 *lots*. Any “child” *lots* created through subdivision shall be permitted a maximum of 3 *dwelling units*.
2. In addition to the maximum density permitted in the R2 Zone in this Bylaw, a maximum of 1.218 *Floor Area Ratio (FAR)* is permitted on 19667 55A Avenue.

2.5 Residential Zones within a Designated Transit Oriented Area (TOA)

Pursuant to section 585.52 of the *Local Government Act*, the areas shown shaded, and outlined in blue, on the TOA Map below, are designated as Transit Oriented Areas (TOAs).

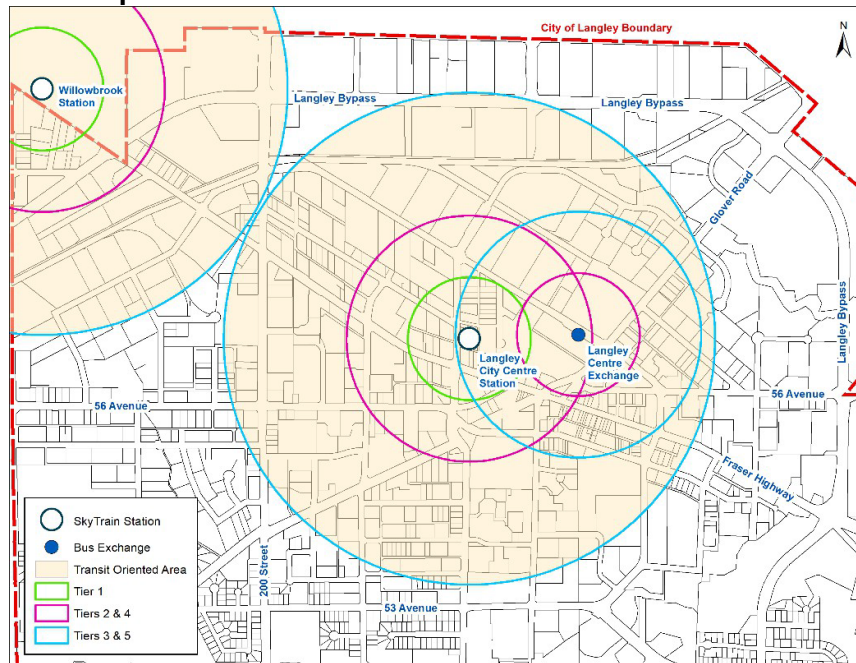

- i) If a portion of a lot is within a TOA, the whole lot or assembly of lots is within the TOA. If a lot or an assembly of lots is within multiple TOA Tiers, the whole lot or assembly of lots is within the Tier with the higher minimum allowable height and density in the TOA Table.
- ii) Irrespective of other provisions within this Bylaw, and upon the application for and adoption of the appropriate amendment of this Bylaw, properties zoned to allow for residential uses within TOAs may develop in accordance with the heights and densities in the TOA Table and corresponding radii on the TOA Map below, in accordance with other provisions within their respective zones:

TOA Table

Transit Station	Radius from Transit Station (TOA Tier)	Radius Colour	Minimum allowable height*	Minimum allowable density
SkyTrain Station (Willowbrook, Langley City Centre)	200m (1)	Green	20 storeys	5 FAR
	400m (2)	Pink	12 storeys	4 FAR
	800m (3)	Blue	8 storeys	3 FAR
Bus Exchange (Langley Centre)	200m (4)	Pink	12 storeys	4 FAR
	400m (5)	Blue	8 storeys	3 FAR

* Minimum allowable height is subject to the *Airport Zoning Regulation (AZR)* under the *Aeronautics Act*.

TOA Map

2.6 Density Requirements

a. Density Bonus

The Density Bonus requirements in Section 2.6 a. are applicable to lots located outside of Transit Oriented Areas (TOAs).

- i.) The following bonus FAR is permitted on a lot, if 13% of the net residential bonus FAR is composed of multi-family rental units that are rented at a minimum of 20% below market rental rate and these units are secured by a Housing Agreement for the life of the building, or the applicable cash-in-lieu contribution is provided to the City according to Council Policy CO-xx, for these zones:
 - a. R3: 0.5 bonus FAR (above base density of 2.1 FAR to maximum 2.6 FAR)
 - b. R4: 0.9 bonus FAR (above base density of 2.6 FAR to maximum 3.5 FAR)
 - c. C1: 0.9 bonus FAR (above base density of 2.6 FAR to maximum 3.5 FAR),
 - a. only applicable to C1 zones located in the Mixed Use land use in the OCP.
- iii.) U1 zone: an Official Campus Plan is required to be in effect for the KPU Langley Campus to permit additional FAR above a base density of 3.5 FAR.

b. Inclusionary Housing

The Inclusionary Housing requirements in Section 2.6 b. are applicable to lots located within Transit Oriented Areas (TOAs).

- i.) 2.5% of the net residential FAR on the lot is required to be composed of multi-family rental units that are rented at a minimum of 20% below local market rates, and these units are secured by a Housing Agreement for the life of the building, or the applicable cash-in-lieu contribution is provided to the City according to Council Policy CO-xx.

3. Off-Street Parking, Loading & Storage

3.1 New and Existing Buildings, Structures & Uses

- a. For land uses, buildings and structures (including additions and renovations resulting in increased *gross floor area*) approved after the adoption of this Bylaw, off-street parking and loading spaces shall be required in accordance with the regulations of this Bylaw.
- b. For land uses, buildings and structures existing at the time of adoption of this Bylaw, the minimum number of off-street parking and loading spaces shall be the lesser of:
 - i) The number of off-street parking spaces existing at the date of adoption of this Bylaw; or
 - ii) The number of off-street parking and loading spaces required by applying the regulations set out in this Bylaw to the existing land uses, buildings and structures.

3.2 Location of Parking Facilities

- a. For all uses, except residential, required off-street parking may be located within 160 m of the permitted use provided that:
 - i. The site for such parking is zoned to allow this use; or
 - ii. The site for such parking is protected by a restrictive covenant registered in the Land Titles Office allowing only parking for the dominant *lot*.
- b. The required off-street parking for all residential uses shall be located on the same *lot* as the principal use.
- c. A required parking space may be open or enclosed and may be outside, under, within, or on the roof of a building. For all *apartment buildings*, all parking spaces (other than those designated for “Visitor Parking”) shall be enclosed and secured to only be accessible to their users.

3.3 Units of Measurement

- a. *Gross floor area* shall not include a mezzanine as defined by the British Columbia Building Code for the purpose of calculating parking requirements.

3.4 General Requirements

- a. Where land, buildings, or structures contain multiple uses the required number of parking spaces shall be the sum of spaces required for each use separately. For clarity, where residential parking requirements are calculated, they shall be rounded one time after adding the total for each type of *dwelling unit*.
- b. For the purposes of calculating parking requirements, the calculated number of parking

spaces for resident and residential visitor use shall be considered as serving separate uses.

- i. Shared use of off-street parking spaces by two or more uses, such as commercial, institutional and residential visitor parking spaces but not including parking spaces for residential units, may be permitted, provided it is supported by a registered professional engineer's report, does not exceed fifty (50) percent of the required residential visitor parking spaces where applicable, that the hours of operation for such uses do not overlap significantly, and that the shared off-street parking spaces are located within 200 metres of the uses that parking spaces are being shared between. Shared parking spaces shall be clearly signed and marked according to use and hours of use, and secured by a covenant registered on the subject property title.
- c. Visitor parking shall be provided for all *townhouse complexes* and *apartment buildings*.
- d. *Townhouse complexes* shall contain no more than 50 percent *tandem parking spaces*.
- e. A minimum of five (5) percent of parking spaces required for each use shall be designated with signage as Accessible Parking spaces and provided with the associated dimensions, to a minimum of one. For residential buildings with individual surface-level parking spaces, accessible parking requirements shall only apply to required visitor parking spaces.
- f. A minimum of ten (10) percent of residential parking spaces in all *townhouse complexes* and *apartment buildings* shall each be equipped with a minimum Level Two electric vehicle charging station. All parking spaces identified for *car share* vehicles must also be equipped with a minimum Level Two electric vehicle charging station. All other residential parking spaces shall each be equipped with energized outlets for the future installation of additional Level Two electric vehicle charging stations. All residential visitor parking spaces shall have ducting constructed for the future wiring and installation of additional Level Two electric vehicle charging stations, with the exception of *townhouse complexes*.
- g. In *tourist accommodation* buildings, all parking spaces shall be equipped with a minimum Level Two electric vehicle charging station. For all other commercial, industrial, and institutional uses, a minimum of two (2) Level Two electric vehicle charging stations shall be provided, and a minimum of twenty (20) percent of the remaining parking spaces shall be equipped with energized outlets for the future installation of additional Level Two electric vehicle charging stations.
- h. A maximum of sixty (60) percent of total parking spaces required for each use may be provided as Small Car Parking Spaces.

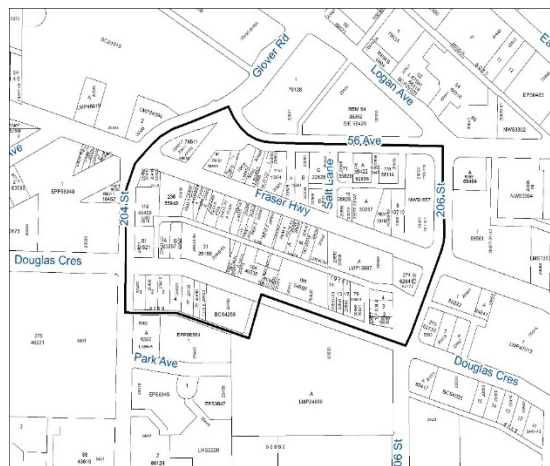

3.5 Transit Oriented Areas (TOAs)

- a. Notwithstanding any other provision within this Bylaw, parking requirements for residential uses within Transit Oriented Areas (TOAs) shall be a minimum of the greater of 0.05 Accessible Parking spaces per *dwelling unit* or 1 Accessible Parking space.

- b. Electric vehicle parking requirements shall apply to the residential parking spaces provided (as opposed to required) within Transit Oriented Areas (TOAs).

3.6 Parking Requirement Reduction Opportunities

- a. Parking requirements for *below-market rental dwelling units* and *non-market rental dwelling units* may be reduced lower than the requirements in Section 3.6 of this Bylaw based on the findings of a registered professional engineer's report.
- b. Residential parking requirements for *apartment buildings* outside of a Transit Oriented Area (TOA) may be reduced if shared vehicles are provided on-site for the use of the residents of these properties, subject to these requirements:
 - i. Required residential parking spaces may be reduced by five (5) spaces for every shared vehicle provided on the subject property;
 - ii. A minimum and a maximum of two (2) car share vehicles must be provided, in dedicated car share parking spaces, on the subject property that is seeking to reduce parking requirements according to Section 3.4 b. i.;
 - iii. Car share vehicles provided on a subject property must be available for the exclusive use of the residents residing on that property; and
 - iv. Shared vehicle parking spaces, which are used to park the two (2) car share vehicles as required by Section 3.4 b. ii. shall be clearly signed and marked according to use, and secured by a covenant registered on the subject property title.
- c. Notwithstanding Section 3.7 of this Bylaw, commercial parking in the area outlined on the below map shall be required at a rate of 1.0 spaces per 100 m² of *gross floor area*. When calculating the required commercial parking for a new building in this same area, previously existing commercial *floor area* on the *lot* shall be discounted. This shall not apply to renovations or additions.

- d. The required commercial parking spaces for a *lot* within the area outlined on the above map may be reduced through a payment of \$40,000 per space not provided.

3.7 Off-Street Parking Requirements

Off-street vehicular parking shall be provided in accordance with the following:

RESIDENTIAL	Land Use/Dwelling Unit Type	Minimum Parking Requirement
	R1 Zone Uses (<i>Single Detached Home, Plex Home, Carriage Home, Garden Suite, Secondary Suite</i>)	<i>Single Detached Residential: 2 spaces/dwelling unit</i> 1.5 spaces/dwelling unit for a unit exceeding 100 m ² gross floor area 1 space/dwelling unit for a unit not exceeding 100 m ² a gross floor area Not applicable within 400 m of a frequent bus stop.

3.8 Off-Street Parking Design Criteria

a) Vehicle Parking

- i. Where the required off-street parking area is to accommodate four (4) or more vehicles, such spaces and associated maneuvering aisles shall:
 - a. Be hard surfaced;
 - b. Have the individual parking spaces, entrances, and exits clearly marked;
 - c. Have provision for individual ingress and egress by vehicles to all parking spaces at all times by means of unobstructed maneuvering aisles;
 - d. Not have vehicular access, ingress or egress permitted to the property other than in locations approved by the City Engineer; and
 - e. Not exceed a maximum slope of 5% in any direction.
- ii. Where two accessible parking spaces are located side-by-side with no barrier between them (i.e. column), they may be provided at a width of 2.4 m with an additional access aisle 1.5 metres in width between them.
- iii. When the side of a parking space adjoins a fence, wall or other structure more than

0.3 metres in height, the width of the parking space shall be increased by 0.3 metres for its entire length, except for a column located on one side of the parking space with a maximum encroachment of 0.15 m.

- iv. The ramp providing vehicular access to a parking surface shall have:
 - a. A vehicle landing area adjacent to the *highway*, having a minimum length of 6 metres measured from the property line and a maximum slope not exceeding 5% in any direction, and
 - b. A maximum slope beyond the landing area not exceeding 15%.

Off-street parking spaces in common parking areas shall use these minimum dimensions:
