

**CITY OF LANGLEY**

**2026 – 2030 Financial Plan**

**Fiscal Period January 1, 2026 to  
December 31, 2030**

**Bylaw 3318**

## Financial Plan Summary

December 15, 2025

The 2026 Financial Plan reflects the City's commitment to responsible budgeting and service delivery. This plan was presented to Council and the public for review and incorporates the latest estimates, projections, and feedback.

### Financial Plan Process & Public Engagement

- **October 6<sup>th</sup>** - The draft financial plan document and a general overview presentation was introduced to Council and the public.
- **October 20<sup>th</sup>** - In-depth presentation of the significant elements of the Financial Plan was presented to Council and the public including providing responses to Council questions brought forward since Financial Plan Introduction.
- **November 3<sup>rd</sup>** - Final discussions and clarifications were provided prior to proceeding with Financial Bylaw.
- **November 17<sup>th</sup>** - City Council amended the Financial Plan and gave 1st and 2nd reading of the bylaw.
- **November 26<sup>th</sup>** - Financial Plan Open House where residents had the opportunity to learn more about the proposed budget.
- **December 1<sup>st</sup>** - Committee of the Whole meeting where residents had the opportunity to provide feedback in person or in writing.

- **December 8<sup>th</sup>** - City Council gave a 3<sup>rd</sup> reading of the amended Financial Plan bylaw.
- **December 15<sup>th</sup>** - Final Reading of the Financial Plan bylaw was completed.

### The Five-Year Financial Plan

This document presents a five-year outlook (2026-2030), focusing primarily on the 2026 budget year. Each year a new five-year plan is developed to reflect updated priorities and financial realities.

Forecasts for 2027-2030 include estimated wage and benefit costs, Metro Vancouver rate increases and RCMP contract increments, but do not account for general inflation.

The 2025 year-to-date (YTD) column shows the current expenditures , which will continue to rise until year-end.

## Council Goals and Strategic Plan

The 2026-2031 5 year rolling Strategic Plan establishes priorities and goals for City Council to achieve over the next five years, reconfirming our commitment to the four cornerstones of the Langley City: Nexus of Community vision: Community, Connected, Experiences, and Integration. The current Strategic Plan has seven core focus areas as follows:

- 1. Cultivate an Inclusive Community:** We are a community that is an ideal place to raise a family, offers a welcoming and diverse living environment, boasts great leisure and recreational opportunities, and supports healthy and safe neighborhoods.
- 2. Provide Reliable Municipal Infrastructure:** We recognize the need for, and are committed to, establishing a long-term, financially-responsible infrastructure renewal plan for all municipal assets.
- 3. Support a Vibrant Economy:** We will continue to revitalize our community to ensure that it is vibrant, clean, and safe, is a desirable location for industry, and our policies and strategies create a vibrant economy that position the City as the Regional Hub in the Fraser Valley for innovation, education, technology, shopping, health industry, leisure and entertainment.

- 4. Integrate Holistic Approach to Community Safety:** Implement a Citizen Assembly on Community Safety to maintain and foster partnerships with law enforcement agencies, community groups, neighbourhoods, and citizens to address public safety and socio-economic issues in the community.
- 5. Build Climate Resiliency:** We continue to focus on protecting, promoting and enhancing environmental assets in the community and active in achieving the Zero Waste goals.
- 6. Strengthen Communication and Public Engagement:** We communicate effectively with our citizens, customers, partners, and stakeholders, involving them in decisions which impact and interest them, and engaging them in public life.
- 7. Achieve Organizational Excellence:** We stand out as a results-oriented, engaged and innovative work force with a strong service ethic and high level of customer service, and a City Council that is accessible to its citizens.

## Factors Affecting the Financial Plan

### Council and Community Priorities

The City's budget and service delivery for 2026 are guided by established Council priorities along with community feedback received throughout the year and other public consultations.

Overall, the budget reflects the City's ongoing focus to get the basics right, planning for and providing core municipal services (such as roads, utilities and other infrastructure, safety and recreation) that matter to residents and businesses.

### External Factors

Major external factors that impact our Financial Plan include:

- Increased costs based on contract negotiations, including CUPE representing civic workers and IAFF representing firefighters;
- Rising costs from the RCMP contract including increases in the federally-negotiated collective agreement, additional equipment, and overall cost increases due to inflation;
- Increased costs from other external service providers such as Fraser Valley Regional Library and Metro Vancouver water, sewer and waste services;

- Inflation and escalating costs for supplies and contracted services for both operating and capital projects.

### Taxpayer Impact & Stewardship

As we develop and review the Financial Plan the City aims to minimize the property tax burden through careful review of expenditures and revenues, deferral of non-critical items, setting appropriate fees and charges, selective use of reserves, and leveraging grants from other levels of government.

## Financial Plan Summary of Changes

### General Operating Fund

The gap between total expenditures and total revenues in the general fund is \$1,596,600 and would require a total tax revenue increase of 3.57%.

<b>Summary of the Larger Changes Affecting the 2026 General Fund Budget</b>	
<b>Revenues:</b>	
New tax growth increase	\$ (476,000)
Supplementary assessment reductions	260,050
Solid waste fee increase	(255,770)
Permit / Licensing fee increase	(19,980)
Interfund Utility Allocation	(169,420)
Interest Income	(381,250)
Tax penalties income	(50,000)
Twp cost share - LYFS	(24,930)
Transfers from Other Governments	(56,700)
Misc. fees and revenue	(3,280)
<b>Expenditures:</b>	
Employee wages and benefits	944,230
Council remuneration & benefits	43,280
Insurance Premiums	87,440
IT security and software support	51,200
Utilities & Communication	28,690
RCMP contract and detachment	1,072,340
Fire training, maintenance supplies, dispatch	29,500
Fire Dispatch Operations	100,000
Emergency Services	18,000
Engineering infrastructure maintenance	48,700
Solid waste services	215,830
Library services	80,950
Parks Maintenance	67,190
Rent LYFS	38,460
Bank charges and tax prepayment interest	(55,750)
Various supplies and contracted services	3,820
<b>Net 2026 budget expenditure increase</b>	<b>\$ 1,596,600</b>

### **Revenue Changes:**

The new taxation growth from new construction within the City is estimated at \$476,000 or 1.06% property tax revenue.

Supplemental property assessment reductions due to successful appeals and corrections will reduce 2026 taxation revenue by \$260,050 or 0.58%.

Solid waste fees are projected to increase by \$255,770 to offset the increase in disposal and collection charges for garbage and green waste and reflect the full 12 months of the new solid waste collection contract.

A portion of General Fund operating costs are attributed to the operation of the Sewer & Drainage Fund and the Water Fund. In 2026, these allocations increased by \$169,420.

Interest income and tax penalties have been increased \$431,2500 to reflect higher projected cash balance in 2026. Investment rates have stabilized in the last year.

### **Expenditure Changes:**

An estimated provision of \$944,230 has been included for the CUPE, IAFF, and management staff contract increases as well as increases due to staff moving through steps in their pay grades.

### **Budget Message**

# Langley City

# 2026 Financial Plan

Property and liability insurance is purchased to protect the City from economic loss as the result of litigation, accident or natural disaster, the premiums increased \$87,440.

IT security and software support is projected to increase by \$51,200, this is due to further security enhancements to protect City from cybercrime and inflationary increases to software subscription costs.

Utility and telecommunication fees have increased necessitating a budget increase of \$28,690.

Collective agreements and cost inflation necessitates an increase of \$942,290 for our RCMP members at the local detachment and our share of integrated teams. In addition, the cost for centralized support services for municipal employees at the RCMP detachment, is increasing \$105,090 to reflect wage increases.

The Fire Department has experienced an increase in costs due to new training, an increase in maintenance costs, and additional supplies. As well, dispatch costs paid to the City of Surrey and ECOMM are increasing due to call volume and the implementation of Next Generation 911 services. Overall increasing the budget by \$137,000.

After the Township of Langley severed our joint emergency management program, the City continues to develop our own program. In 2026, additional allocations for software and staff training are included at a cost of \$18,000.

An additional allocation of \$48,700 has been added to allow for sufficient maintenance of engineering infrastructure including traffic signs and signals, small tool replacement and GIS software maintenance fees.

Solid waste service fees have increased \$215,830 due to increases in contract costs and disposal fees.

The FVRL levy is increasing \$80,950 to cover increases in wages, benefits and material costs.

An additional \$67,190 has been added to the parks maintenance budget to support expanded services, enhanced amenities, and improved maintenance across parks, boulevards, and public spaces, reflecting growth in usage, infrastructure, and community programming.

Bank charges and interest payable to city tax payers who participate in our property tax prepayment program have decreased by \$55,750 due to decrease in interest rates.

## Sewer and Drainage Operating Fund

The sewer rate structure will increase \$0.14 per cubic meter bringing the total to \$2.41 per cubic meter (80% of water consumption) with a flat rate of \$75 per dwelling unit. The increase for the average single family residential customer using 330 cubic meters of water, used to determine the sewer charge, will be \$36.96 in 2026.

The proposed increase is to fund an increase in GVS&DD levy as well as allocation of administrative costs from the general fund, additional system testing and an increase in wages and supplies.

The sewer treatment levy cost from the GVS&DD is \$4.6 million which makes up 56.8% of the expenditures in the sewer fund.

The GVS&DD has indicated that there will be annual increases in sewer costs between 4% - 13% per year over the next five years to allow for expanded and improved sewer collection and treatment in the region.

## Water Operating Fund

The water rate structure will increase \$0.17 per cubic meter to \$2.06 per cubic meter, with a flat rate of \$75 per dwelling unit. The increase for the average single family residential customer using 330 cubic meters of water will be \$56.10 in 2026.

The increase is primarily due to inflationary increase to costs of labour and services, and a 7% increase to the cost of water purchased from GVWD. The water purchase cost of \$4.5 million makes up 58% of the expenditures in the water fund.

The GVWD has indicated that there will be annual increases in water costs of approximately 3.3% per year over the next five years to allow for improved water filtration and infrastructure replacement.

## Service Level Enhancements

At the December 8<sup>th</sup> regular council meeting, City Council gave 3<sup>rd</sup> reading of the amended Financial Plan bylaw. Amended Financial Plan increased the proposed property tax from 3.57% (maintaining current services) to 5.82% (inclusive of the proposed service level enhancements).

There are three key areas of concentration within the Financial Plan:

- Enhancing Community Safety
- Expanding Recreation Opportunities
- Investing in the Basics

### *Enhancing Public Safety*

The City will hire 2 additional firefighters to keep pace with the growth of the community and increased use of the fire rescue service. Including additional firefighters added in the last 3 years, the City has added 9 new fire suppression staff, or an increase of 40%, in the last 4 years.

To further enhance public safety, the City will be adding two 2 police officers, increasing the total contract strength to 56.35 police officers.

### *Expanding Recreation Opportunities*

The City will extend the operating season of Al Anderson Memorial Pool from April 13, adding 25 days to the outdoor pool season. Extended services will include length swims, aquafit classes, afternoon lessons, and public swims.

### *Investing in the Basics*

Each year, the City allocates a portion of property taxes and utility fees towards capital infrastructure renewal. The City will be adding \$223,890 or 0.5% of the overall property tax increase, bringing the annual allocation to Capital Works Reserve to \$2.4 million.

Service Level Enhancements included in amendment			
LCFRS - 2 Firefighters	\$ 400,000	0.89%	
RCMP - 2 Members	\$ 320,000	0.71%	
Extend Pool Season: Apr 13 - May 8	\$ 68,900	0.15%	
Infrastructure Funding	\$ 223,890	0.50%	
<b>Total</b>	<b>\$ 1,012,790</b>	<b>2.25%</b>	

## Capital Improvement Plan

The Financial Plan includes a 10 year Capital Improvement Plan (CIP). The proposed expenditures in 2026 total \$28,798,280. Some of the larger projects in the plan includes construction of new Operations Center for \$12 million, investing \$1.6 million in park upgrades, \$1.5 million for Logan Ave pavement rehab in conjunction with watermain replacement, \$1.1 million water main replacement along Grade Crescent and storm sewer improvements targeting critical sections in the City.

Capital projects are funded through money the City has placed in reserves, funds received from developers when new construction is undertaken by way of Development Cost Charges (DCC's), grants, casino proceeds and borrowing.

Each year the City allocates a portion of the money collected through property taxation and utility fees into the reserves. The planned reserve contributions in 2026 are presented on the table below.

<b>Tax and Utility Funded Reserve Contributions</b>	
Capital Works Reserve	\$ 2,131,100
Fire Equipment Replacement	55,000
Machinery Replacement	492,530
Off Street Parking	11,520
Office Equipment	46,500
Parks & Recreation	177,500
Sewer Future Capital	1,060,000
Water Future Capital	1,060,000
<b>Total Contributions</b>	<b>\$ 5,034,150</b>

The work being planned to accommodate the tangible capital asset requirements and resulting asset management benefits will highlight the infrastructure deficit faced by the City of Langley. We are not currently putting enough funding towards infrastructure renewal to meet projected needs. It will take a concerted effort by Council to balance between allocating adequate funding for infrastructure, that is primarily underground, and other infrastructure needs for the community.

The 2020/2021 closure of the casino due to the pandemic, and associated drop in gaming proceeds, has highlighted the City's over reliance on gaming proceeds as one of the main funding sources in our capital improvement plan. This reduced funding has necessitated delaying of projects. Going forward, the City needs to take a balanced, conservative approach to capital funding.

## Casino Proceeds

Casino proceeds are a significant funding source for the Capital Improvement Plan. It is estimated that the casino proceeds will be \$7.5 million in 2026.

By using casino proceeds rather than borrowing, the City is reducing operating debt servicing costs. Every \$1.00 borrowed requires \$0.80 to be paid in interest over a 20 year term of the borrowing. Over \$91 million in casino proceeds has been reinvested in City infrastructure, by using these funds instead of having to rely on debt, the City has avoided needing to borrow funds and saved an estimated 18% taxation increase in debt servicing costs.

## **Budget Message**

## Issues Affecting Future Years' Budgets

New growth revenues are not sufficient to fund inflationary increases in the City's budget. Wage settlements and the ability to attract and retain staff, without any new service levels being considered, will continue to put pressure on the budget.

Our contracted service partners like the RCMP, Fraser Valley Regional Library and Metro Vancouver have increases in their respective budgets which are beyond the City's control and can have significant effects on the overall City of Langley Financial Plan.

Global economic uncertainty has increased the volatility of the development industry. Sustained reduction in construction activity may lead to a decline in building permit revenues and Development Cost Charge (DCC) contributions. These revenues are critical for funding infrastructure and growth-related capital projects

Local governments are increasingly feeling the effects of downloading by other levels of government. Although local government does not have the jurisdiction, mandate or funding to address social issues, City Council has made significant investment in enhancing community safety including the Citizens Assembly on Community Safety initiative and hiring additional police officers, firefighters and bylaw enforcement officers.

The Surrey Langley SkyTrain extension is poised to be a transformative force for the City of Langley, ushering in a new era of growth and opportunity. The SkyTrain will catalyze transit-oriented development around its new stations, encouraging the creation of vibrant, walkable communities with increased housing options, retail spaces, and employment hubs. Demand for residential and commercial real estate is expected to surge, attracting new residents and investors to Langley and stimulating local economic activity.

Our Financial Plan for 2026 – 2030 will set our spending priorities to ensure that the City of Langley continues as the Place to Be!

Alex Chang, CPA, CA, CISA  
Director of Financial Services

## CONSOLIDATED FINANCIAL PLAN SUMMARY

Note 1 - RCMP member are under contract from the RCMP

\*\*\*It is important to note that FTE's represent a full-time equivalent of a staff member. In many instances, particularly in Parks and Recreation which consists of many part-time or seasonal positions, this is not an accurate reflection of the actual number of employees.

# General Operating Fund

2026-2030

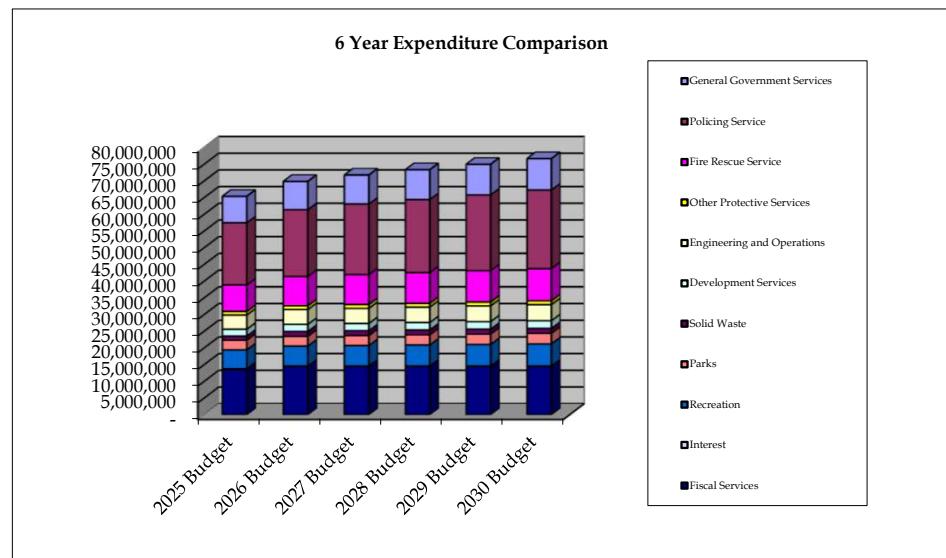

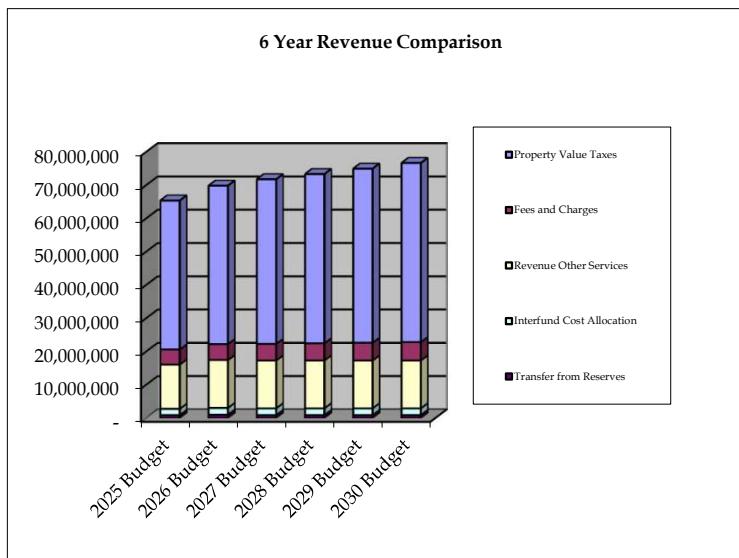

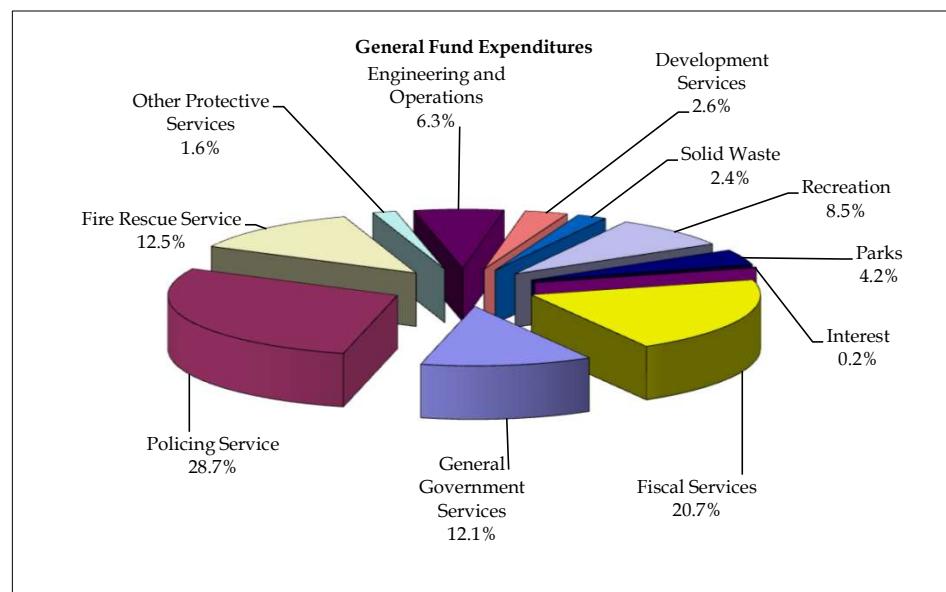

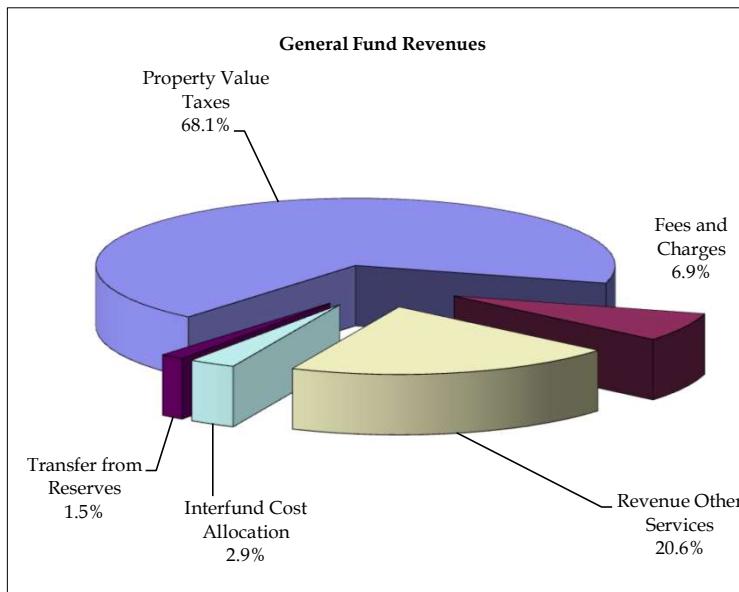

**GENERAL OPERATING FUND**

The General Operating Fund is the primary operating fund of the City. It is used to account for all of the financial resources and expenditures of the City of Langley, except Water Utility, Sewer & Drainage Utilities, and the 10-year Capital Improvement Plan. This section details the 2026-2030 Financial Plan, as well as showing comparative figures for 2024 Actual Results, 2025 Budget, and the 2025 Year to Date (YTD) expenditures. (The 2025 YTD figures are highly dependent on when billings are received and processed and may not accurately reflect actual expenses to date.)

# Fees & Charges

## FEES & CHARGES DESCRIPTIONS

*The revenue category of Fees and Charges was established by the Bill 88 revisions to the Local Government Act in 1999. The category includes all revenues that are imposed, by bylaw, in respect of all or part of a service the municipality provides or the exercise of regulatory authority.*

**ADMIN/INSPECTION FEES:** These revenues are intended to compensate the City for administration and inspection costs that the City must expend as part of a land development project. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

**SOLID WASTE USER FEES:** This revenue represents the total user fees levied on single family residences for bi-weekly door to door garbage collection service as well as weekly curbside organic waste disposal. The revenue is calculated by dividing the cost of the service by the number of residential units serviced.

**LICENCES & PERMITS:** The revenue generated from building and plumbing permits is levied to monitor construction projects within the City to ensure compliance with the BC Building Code and City Bylaws as and when required. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

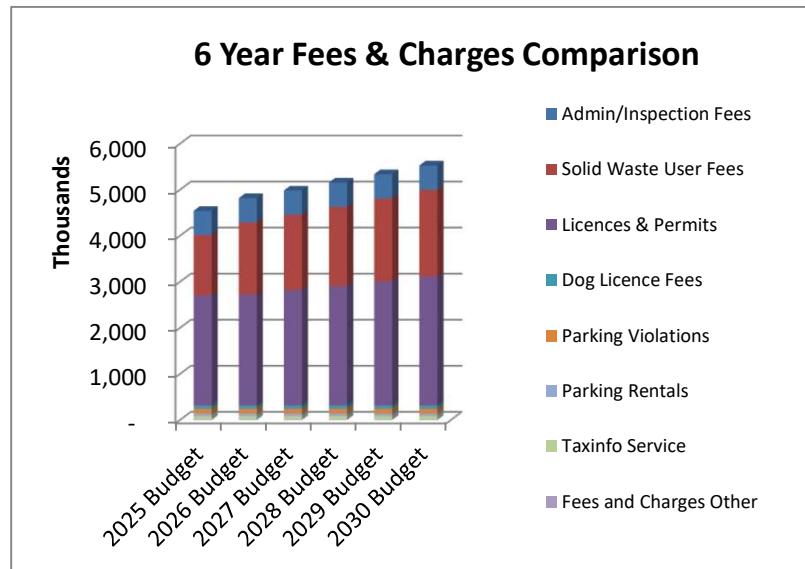

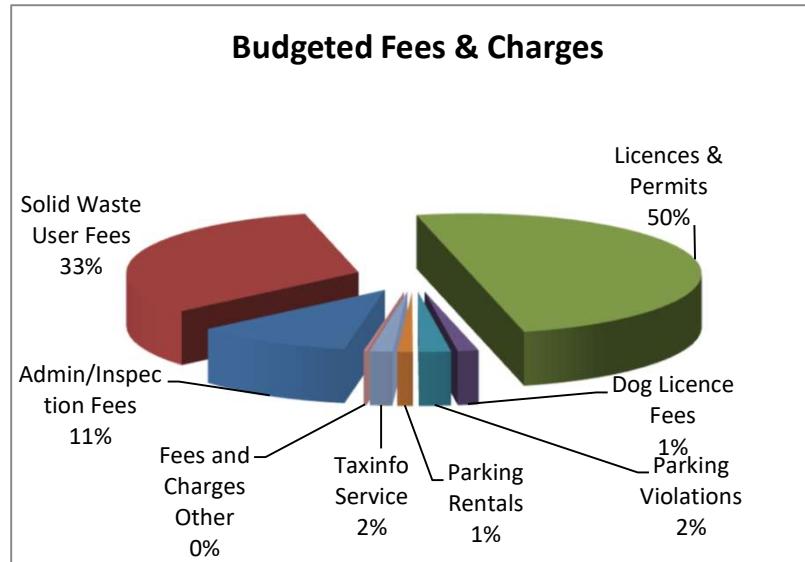

**DOG LICENCE FEES:** These fees are levied on the owners of dogs to partially offset the cost of providing dog control services. The revenues are projected based on the number of dogs licensed in the prior year.

**PARKING VIOLATIONS:** This revenue represents fines received from motorists who are parked illegally within the Downtown core of the City.

**PARKING RENTALS:** This revenue represents the monthly rental fees received for supplying reserved parking spaces in within the City. Revenue is projected using the current occupancy rate.

**TAXINFO SERVICE:** This revenue represents the fees received for providing legal offices and mortgage companies with information regarding outstanding taxes on properties. The revenue estimate is based on the prior year's experience and adjusted for the current state of the real estate sales market.

**FEES & CHARGES OTHER:** This program includes budget allocations for revenue generated from banner installations and other miscellaneous fees.

# Revenue Other Sources

## REVENUE FROM OTHER SOURCES DESCRIPTIONS

*The revenue category of Revenues from Other Sources includes all those revenue sources not included in Property Taxes or Fees and Charges.*

**RCMP FEES & CHARGES:** These revenues represent various fees charged by the RCMP for services rendered to the public, a commission from the Province of BC to offset the cost of serving criminal documents and revenues from false alarm fees which offset the cost of the RCMP in responding to false alarms. Revenue projections are based on the historic trend.

**TAX PENALTY & INTEREST:** This revenue source includes penalty and interest charged on past due taxes. Penalties of 5% are applied on all unpaid current taxes on the tax due date and a second penalty is applied after a reminder notice is sent an additional grace period has completed. Interest is applied on all taxes in arrears (one year past due) and all delinquent taxes (two years past due). The revenue is forecast based on past trends and any significant events affecting properties in this category.

**RENTALS OF CITY PROPERTY:** The City has a number of bare land leases and a few improved property leases. The lease revenue is calculated using the rates included in lease documents as well as historical maintenance costs.

**INTERNAL EQUIPMENT RENTALS:** This revenue item represents the difference between equipment operating expenditures and the amount expended to operations via equipment charge-out (rental) rates. The revenue generated is meant to cover depreciation or obsolescence and is transferred annually to the Machinery Replacement Reserve where it is held and used to replace equipment and vehicles as required.

**MISCELLANEOUS INCOME:** This revenue includes a number of revenues that can not be classified within another revenue category. These revenues included such things as grants, sale of assets and towing contract revenues. The budget estimates are calculated using trend analysis modified for factors that the City is aware of.

**INTEREST INCOME:** This represents interest earned on surplus funds in the General Operating Fund. The estimate is based on a similar cash flow and cash level as the previous year, and uses a projected 3.50% interest rate for 2026.

## REVENUE FROM OTHER SOURCES DESCRIPTIONS

### GRANTS IN LIEU OF TAXES:

#### *Federal/Provincial Government*

All senior levels of government are exempted from paying property taxes on the annual assessment role. Both levels of Government, however, do recognize that the respective properties do cause a demand for municipal services provided through property taxation. As a result a grant in lieu is paid to the City. Provincial Grants are equal to full taxes and are estimated in that manner. Federal Grants are based on a deemed property valuation which does not provide a grant equal to full taxes, and the revenue stream is forecast accordingly.

#### *Utility Companies*

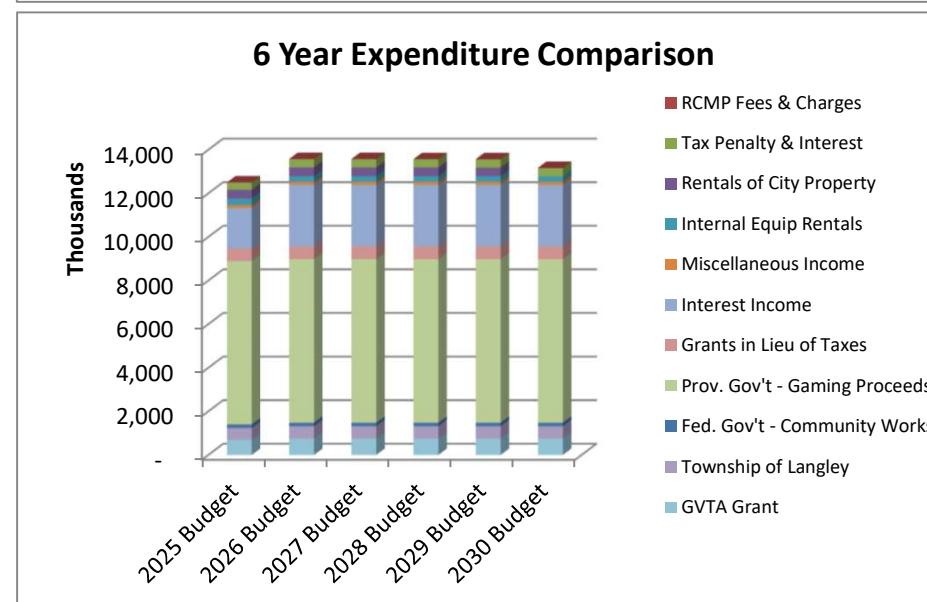

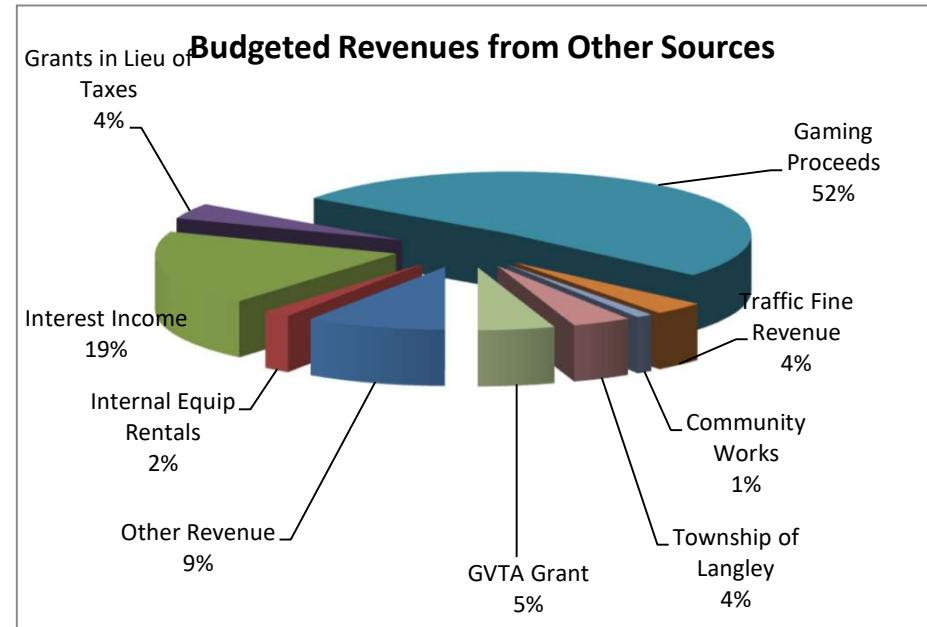

Utility companies do not pay municipal taxes on the value of their transmission lines or other equipment and structures, except buildings. In lieu of taxes, they pay a grant calculated at 1% of the utility revenue generated within the City during the previous year. These revenues are reported to the City and budget estimates are based on reported revenues.

**PROVINCE OF BC:** The majority of this revenue is the City's portion of Casino Gaming Revenues which has been estimated using the actual payments received in prior years. This budget also consists of the local government's share of traffic fine revenues generated by the Province of BC. Budget estimates are based on the prior year's grant level until notification of the grant amount is received in the spring of the budget year. Finally this budget includes the 2% hotel tax which is transferred to Discover Langley City for tourism promotion.

**FEDERAL GOVERNMENT:** This revenue represents funds received from the Government of Canada in relation to the Gas Tax Agreement for Community Works. These funds are transferred to reserves for capital investment.

**TOWNSHIP OF LANGLEY:** This revenue represents funds received from the Township of Langley under the Langley Youth and Family Services cost sharing agreement, the Emergency Planning service agreement and the RCMP building cost sharing agreement. Budget estimates are based on these agreements and budgeted expenditure increases.

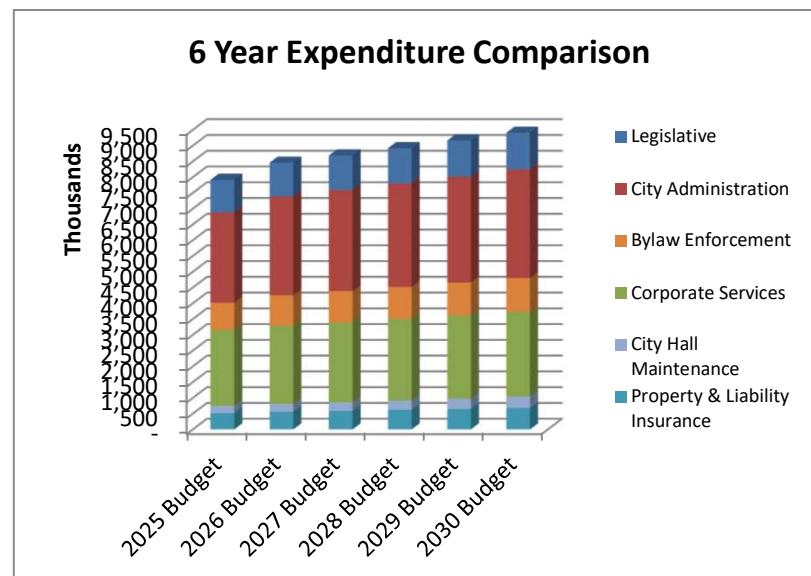

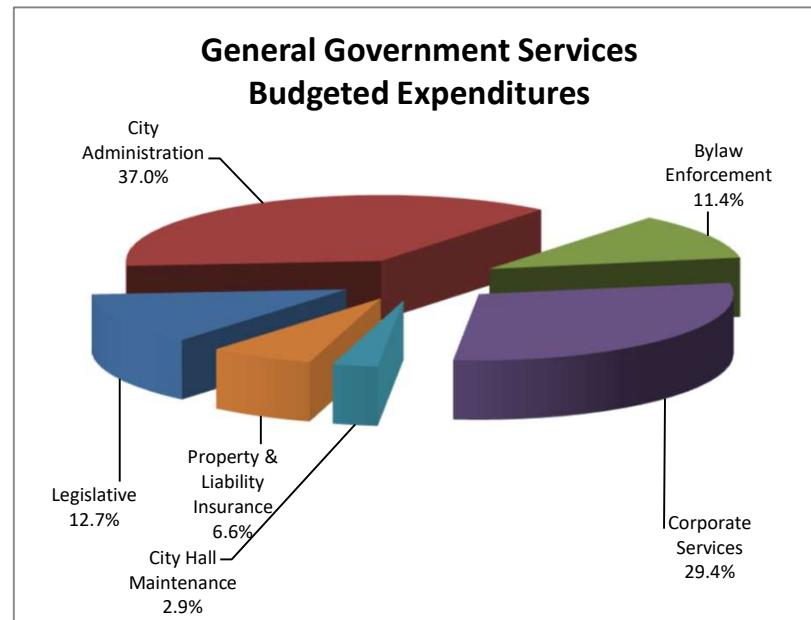

**GREATER VANCOUVER TRANSPORTATION AUTHORITY GRANT:** This revenue represents the GVTA's grant to the City for the annual maintenance of Major Municipal Network Roads. The grant is based on the lane kilometers of Major Municipal Network Roads.

## LEGISLATIVE

**Program Description:** This program accounts for all expenses associated with the direct activities of City Council. City Council, made up of the Mayor and six Councillors, represents the citizens by providing community leadership in serving as the legislative and policy making body of municipal government. This program also contains the Enterprise funding and Community Grants which are funded solely by gaming proceeds.

**Output:** City Council holds approximately 25 Council meetings a year, about every two weeks at Langley City Hall. Elected representatives from City Council represent the City of Langley on many regional and provincial boards and committees. Council also attend many community meetings and events, workshops and policy meetings throughout the year.

## CITY ADMINISTRATION

**Program Description:** The primary responsibilities of this program are to lead the overall conduct of the City in pursuing the City's goals and objectives, the provision of advice to City Council and serving the will of City Council. To safekeep and preserve meeting minutes, bylaws, civic agreements and other related official documents. Administer responsibilities under the Freedom of Information and Protection of Privacy Act. To plan and coordinate official civic functions, visits and events. Prepare agenda packages for meetings of Council, standing and special committees. Record meeting proceedings. Prepare and supervise the conduct of general local elections, referenda and by-elections. To provide human resource advice and support to City staff. To plan and coordinate social services in the community.

**Output:** To plan, lead, and direct the overall business affairs and activities of the City in accordance with Council's directions, together with various bylaws, policies and statutory requirements. Provide advice, assistance and recommendations to City Council and assist in formulating long term goals and objectives. Provide advice, direction and policy interpretation to staff. Sustain a highly motivated organization. Implement policies and procedures. Provide administrative services to City Council, its committees and boards and is responsible for the statutory requirements in the Community Charter. Prepare the schedule, minutes, and agenda for Council meetings. Respond to FOI requests and other Council correspondence.

## CITY HALL MAINTENANCE

**Program Description:** This budget provides funding to maintain City Hall, Timms Community Centre and Library. City Hall maintenance includes budget allocations for janitorial service, electricity and gas, water and sewer, security and alarm monitoring, along with general repairs and maintenance.

**Output:** The City Hall building is maintained by Building Service workers and includes work at the City Hall, Timms Community Centre, and Fraser Valley Regional Library. The grounds surrounding the hall are maintained by the City Parks & Engineering crews. Security is also onsite seven days a week. All costs associated with the maintenance of City Hall are shared based on floor area with the Timms Community Centre, and Fraser Valley Regional Library.

## RCMP DETACHMENT OPERATIONS

**Program Description:** This budget item provides for RCMP support staff in the form of administration, clerical and jail guards and the related office costs associated to these functions. It also provides maintenance to the RCMP building. These services are all performed in partnership with the Township of Langley and are cost shared based on formulas of 25% of the population and 75% of the 5 year rolling average of crime statistics. The City also pays an additional 8% administration charge to the Township for administering this function.

**Output:**

### RCMP POLICING CONTRACT

**Program Description:** Police service for the City is provided by the Royal Canadian Mounted Police. This program is to provide a feeling of security to the citizens of Langley; through the proper management of available resources and with the support of the community as a whole, by the protection of life and property, the apprehension of criminals and crime prevention.

**Output:** The budget provides for a total contract strength to 54.4 members. It also includes a share in the Integrated Homicide Investigation Team (IHIT), Emergency Response Team and Forensics/Traffic Reconstructionist/Dog Patrol. The RCMP uphold the principles of the Canadian Charter of Rights & Freedoms and provide a professional standard of service.

## COMMUNITY POLICE OFFICE

**Program Description:** The purpose of the Community Police Office is to bring the police closer to the community making it more convenient for citizens to report incidents and it promotes the development of a closer police community relationship which is consistent with the RCMP's commitment to community policing. It also allows the community to play an active role in policing the community through involvement in various volunteer programs.

**Output:** Community Policing is about preventing crime. RCMP members work interactively with the community to mutually identify and resolve community problems. This budget provides for the funding of a Information Officer at the CPO to coordinate volunteers and liaise between the public and RCMP. The Community Police Office is open between 8:30am & 4:30pm Monday to Friday at the office located at 20408 Douglas Crescent.

# Fire Rescue Service

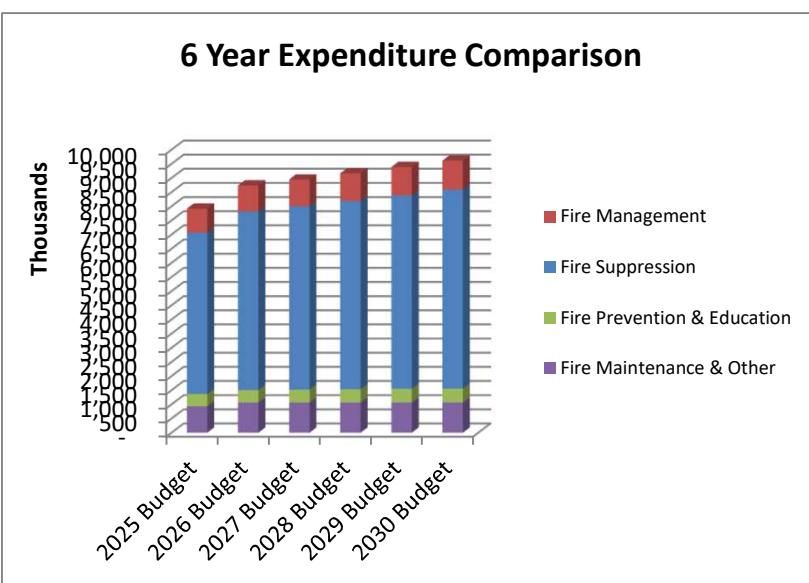

### Cost Centre Description:

Our First Response Team consists of thirty (30) staff who maintain coverage twenty-four hours per day. This First Response Team backed up by a compliment of sixteen paid-on-call firefighters to respond to any fire or medical emergency anywhere within the City of Langley boundaries.

In addition to our Emergency Response Programs, we have a Public Education and Fire Prevention Program under the direction of our Fire Prevention Officer(s). The FPO(s) and our on-duty crews are out each and every day inspecting retail, commercial and industrial businesses within the City of Langley to ensure that when you enter into those premises as a customer or an employee, that you are operating under a fire safe environment. We also inspect all multi-family residential buildings to ensure safety for residents and visitors.

## FIRE ADMINISTRATION

**Program Description:** Fire Administration is responsible for administration and technical planning, organizing and directing fire fighting, fire prevention and fire fighter training. Other responsibilities include providing initial human resources support in hiring and promotions, budgeting for annual and future requirements, and managing the day to day response of the department. Management is also responsible for maintaining a functional fire fighting team consisting of career and Paid-on-call staff.

**Output:** The main source of expenditure for fire management is Personnel & Benefits which includes the following positions: Fire Chief, Deputy Fire Chief, Asst Fire Chief and an Administrative Assistant. Training is held as needed with the Fire Chiefs involved in Metro Vancouver and Provincial focus groups to stay current.

## FIRE SUPPRESSION

**Program Description:** The suppression crews are responsible for providing an efficient and timely response to emergencies for residents of the City of Langley. In addition to fire suppression, these crews assist with pre-hospital emergencies, and maintain an aggressive fire inspection program of local commercial and retail businesses. This program includes career staff wages and benefits as well as paid-on-call training and alarm responses. Also included are the annual costs for dispatching by the Surrey Fire Dept.

**Output:** Service is provided by 4 crews which provide fire suppression service 24 hours a day 7 days a week. Crews work 2 days 2 nights. Each crew consists of firefighters and officers which provide the necessary requirements to do daily inspections, public safety lectures, train on shift to approved national standards. These firefighters respond to every emergency type and provide a 24 hrs day/ 7 days a week service to the community.

## PREVENTION & EDUCATION

**Program Description:** This program provides funding for all fire prevention and public education programs; these include: inspections, school programs, community days, fire prevention week activities, and juvenile fire setter programs; the education component provides funding for developing standards, purchase of manuals and audio-visual training aids, administering exams and funding seminars. This program also provides for the Training.

**Output:** Program provides funding for two fire prevention officers Monday to Friday 8:30 - 4:30. Visits each Langley city school twice a year to conduct fire drills, safety lectures and teach children how to deal with fire. The Fire Prevention Officer conducts safety lectures to strata councils, apartment blocks and the general public. This program and its materials give the Langley Firefighters a visible presence in the community and are found present at most community events.

## LANGLEY YOUTH & FAMILY SERVICES

**Program Description:** The service is supplied to assist the RCMP in attempting to minimize the entry of youth into the criminal justice system. The mandate of the service is to: coordinate efforts between police, schools and other agencies; provide education and counseling to parents to gain control of their children; provide training and assistance to RCMP members to improve their effectiveness in deal with juveniles and family problems; assist in developing community programs to facilitate crime prevention; work with the school district to identify pre-delinquent behavior; in conjunction with the RCMP Crime Prevention Unit, set up programs aimed at crime prevention.

**Output:** This service has approximately 600 clients with 2000 client visits for counselling services made each year. The budget includes approximately 7,000 hours of counselling services.

# Engineering & Operations

## Engineering & Operations Budgeted Expenditures

## 6 Year Expenditure Comparison

## Cost Centre Description:

The Engineering and Operations Department is responsible for the 'hidden' services that we have all come to rely on as part of our daily lives, whether at work or play. We strive to ensure that our infrastructure is planned and upgraded appropriately and timely to meet the current and future demands of the City; ensure that the roads and sidewalks are maintained in a safe condition to drive and walk on; ensure that our streetlights and traffic signals are properly maintained for safety and traffic flow reasons; ensure that the streets are swept regularly to remove dirt and debris; and ensure that the signage and lane markings are maintained to provide accurate and direct guidance to all road users.

## OPERATIONS CENTRE

**Program Description:** To provide for the day to day cost of operating the Operations Centre including the cost of the Buyer/Storekeeper and partial salaries of management and shop labour. Also included in this program are ancillary costs such as hydro, gas, telephone, janitorial services, and supplies.

**Output:** The Operations Centre provides an area to store the maintenance machinery, some water and sewer appurtenances, road salt and sand, and construction aggregate materials, all of which form an essential part of the overall maintenance of the city.

## ROAD & PARKING MAINT.

**Program Description:** The Road and Parking Maintenance Program includes the maintenance of the road network and parking lot areas to ensure the safe and effective movement of traffic within our city.

**Output:** To ensure vehicles can operate safely while travelling within the city it is necessary for all roads to be structurally sound and free of defects. Some of the strategies that contribute to the road maintenance program include pot-hole repairs, crack sealing, lane grading, shoulder grading, shoulder graveling, slot grinding and patching, and milling and paving. As well as addressing safety concerns a soundly designed road and parking lot maintenance program can extend the useful service life of some of the pavements, thus delaying capital costs needed for replacement.

## BOULEVARD MAINTENANCE

**Program Description:** The Boulevard Maintenance Program includes the removal of debris, unwanted vegetation, filling of depressions, repairs to curbs and gutters, and suppression of dust.

**Output:** Routine maintenance to boulevards contributes to the overall aesthetic appearance of the city and sets an example for our businesses and residents to follow. Addressing specific shortcomings within the boulevards demonstrates due diligence on our part respecting claims from accidents.

## SNOW REMOVAL

**Program Description:** The Snow Removal Program includes the salting and sanding of every street within the city during a snow event. As well as ensuring our residents can move safely within the city it also demonstrates our commitment to them to provide a level of service that is superior to the other lower mainland municipalities.

**Output:** The intent of the Snow Removal Program is to keep the snow from preventing our residents from the free and safe movement within our city.

## STREET SWEEPING

**Program Description:** The Street Sweeping Program, which includes the sweeping of the primary streets in the downtown core 3 days per week, the sweeping of the secondary streets such as 200th and 208th every 10 days, the sweeping of the residential streets on a semi-annual basis, the collection of litter, and the emptying of the garbage containers contributes to the overall aesthetic appearance of the city. A regular sweeping program also shows that we are being diligent with respect to eliminating some of the possible causes of accidents. As well, because the sweeper operates on an early morning shift it allows us to be aware of and react to conditions such as ice and snow or infrastructure failure prior to the morning rush.

**Output:** To ensure the streets are clean, free of debris, the garbage bins are emptied routinely, and litter is picked up on a daily basis.

## SIDEWALK & BRIDGE

**Program Description:** Sidewalk and bridge maintenance includes undertaking the repairs necessary to remedy trip hazards when identified by the public, sidewalk panel replacement due to excessive cracking or other failure, minor repairs to bridges, repairs to handrails, and installation and repair of wheel chair letdowns and other related infrastructure components.

**Output:** Properly maintained sidewalks and bridges allow for the free and safe movement of pedestrian and vehicle traffic throughout the city.

## MAJOR MUNICIPAL ROADS

**Program Description:** Some of the services included in the Major Municipal Roads Program are road milling and paving, asphalt patching, snow removal, boulevard maintenance, curb and gutter repairs, crack sealing, minor bridge repairs, and repairs to sidewalks. Roads included in the program include 200 St, Fraser Hwy (West Municipal border to 203 St), Fraser Hwy (Langley Bypass to Municipal border), portions of Mufford Crescent, 203 Street, from Fraser Highway to Logan Avenue and the 204 St Overpass. Funding to maintain these roads is provided from Translink based on lane Km.

**Output:** An effective maintenance program will help ensure the safe and effective movement of pedestrian, pedestrian handicapped, and vehicle traffic throughout the city.

## TRAFFIC SERVICES

**Program Description:** The Traffic Services Program includes the maintenance of all traffic control devices, street signs, lane marking, curb painting, and crosswalk marking. The proper operation of traffic control devices enables traffic to travel within the city in a safe and expeditious manner. Signs are maintained to ensure they properly display information and are visible in all weather conditions. Curb marking is routinely repainted to discourage parking in front of fire hydrants or in proximity to stop signs. Routine crosswalk marking painting is required to facilitate the safe crossing of roads by pedestrians.

**Output:** To enable the safe and effective movement of vehicular, pedestrian, and pedestrian handicapped traffic throughout the city.

## LANDFILL MONITORING

**Program Description:** The city is required to monitor the groundwater leachage levels from the old landfill site. It is tested monthly for organic constituents, dissolved metals, inorganic nonmetallics, and trace metals. Although the samples are collected and submitted by city staff the testing is conducted by a private laboratory.

**Output:** To meet the Provincial requirements the Landfill Monitoring program is essential to our operation.

## STREET LIGHT MAINT.

**Program Description:** The Street Light Maintenance Program includes the replacement of street light bulbs, poles, ballast, and light heads to ensure adequate levels of illumination throughout the city.

**Output:** A properly designed and executed street light program will ensure the streets and sidewalks are adequately illuminated so that our residents can safely navigate the streets and sidewalks after dark

## PLANNING, INSPECTION, LICENCING

**Program Description:** This program supplies services related to the planning and development of the City. The program's activities are directed in four main areas: Community Planning; Building Inspection, Permits and Licenses.

**Output:** The Department is responsible for providing professional planning advice to Council including the preparation of the Official Community Plan (OCP) and other planning policy documents. The Department is also responsible for processing a variety of development applications to ensure effective land-use planning and conformance with regulatory bylaws, policies and legislation, including: OCP Amendments, Zoning Bylaw Amendments, Development Permits, Development Variance Permits, Subdivisions, Land Use Contract Amendments, Building Permits, Plumbing Permits and Sign Permits. In addition, the Department is responsible for Business Licensing to ensure compliance with City bylaws as well as provincial standards and legislation.

# Solid Waste

**SOLID WASTE**

#### Cost Centre Description:

The City strives to provide reliable bi-weekly garbage and weekly curbside green waste collection and disposal services to the residents of the City. The curbside greenwaste collection program offers our residents an environmentally friendly alternative to dispose their greenwaste while reducing the cost of garbage disposal. The City also provides 4 large items to be picked up throughout the year.

## LANGLEY CITY LIBRARY

**Program Description:** This program supplies City residents with all their library services which includes the facility, book/material borrowing, reference material, computer access, library programs, and meeting rooms. Library service is contracted through the FVRL (Fraser Valley Regional Library) which allows City residents to access books from the entire region instead of being limited to only the content within the individual library.

**Output:** Facility is open 7 days a week. Hours of operation are Monday to Thursday 9am to 9pm; Friday 9am to 5pm; Saturday 10am to 5pm; and Sunday 1pm to 5pm. Approximately 300,000 books are borrowed on an annual basis with about 200,000 visits to the library each year. Since the Library resides in the same building as City Hall/Timms Community Centre, the costs for maintenance and operations are proportionately shared based on floor area.

# Parks Operations

## Parks Operations Budgeted Expenditures

## 6 Year Expenditure Comparison

## Cost Centre Description:

The Parks Operations Division strives to provide a high quality of playing condition at our sportsfields for all park users; create an visually attractive environment at our parks with abundance and well-designed floral and landscape displays; maintain our natural trail systems in a safe and welcoming condition; develop play structures at our parks that promote social, physical fitness, and creativity opportunities for children; and develop community pride. We strive to create an environment in our park systems that promote active living and participation.

## GENERAL MAINTENANCE

**Program Description:** To plant around and enhance "Welcome to Langley" signs and to maintain all other parks signage. Purchase tools, equipment and supplies to perform tasks in an a cost effective manner. Cover dumping fees from excavation and park clean up.

**Output:** Clean and repair City signage as required. Purchase and install new signage as needed, such as Dog signs and Trail signs. Purchase replacement tools and equipment as required for the work force to perform their tasks in an efficient and timely manner. Purchase and distribute a variety of supplies, such as fertilizer, paint, lumber etc.

## OTHER PARKS COSTS

**Program Description:** To cover miscellaneous items, special events, unforeseen circumstances, new initiatives. Bi-annual clean up of all City walkways that interconnect neighbourhood and schools throughout the City.

**Output:** City Walkways receive regular maintenance and overall clean up, once in the Spring and again in the Fall. Travel costs and dumping fees from site excavations, tree and shrub removal, general park clean up and hauling to a dump site. Upgrades to school facilities that are being utilized by City user groups. Assist with volunteer initiatives within the City, such as the Point of Pride Program.

# Sewerage & Drainage Fund

2026-2030 Financial Plan

## SEWER & DRAINAGE FUND

The sewer user rate structure in 2026 will increase by \$0.14/CM. The sewer rate increase is to offset a 6.2% increase in the GVS&DD sewer treatment levy, increased allocation of administrative costs from the general fund and increases in wages and supplies. Future years volume based rates for customers for 2027-2030 are estimated to increase between 4.0-13.2% annually.

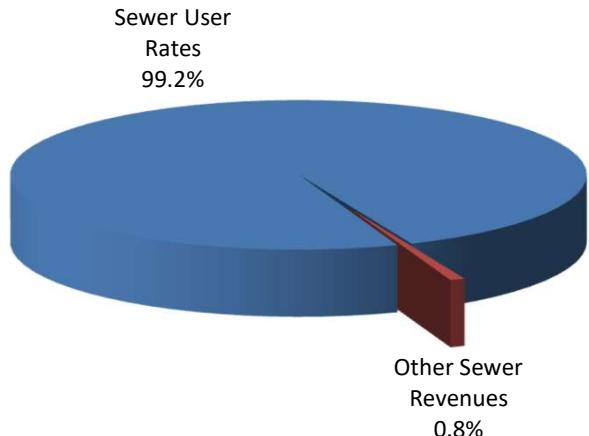

The consumption based charge will increase to \$2.41 per cubic meter (based on 80% of water consumption) and the flat fee will remain at \$75. Sewerage and Drainage rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2026 will be \$711.24 (an increase of \$36.96 over 2025), and \$441.32 (an increase of \$21.28 over 2025) for a Strata Dwelling.

Other Sewer revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes.

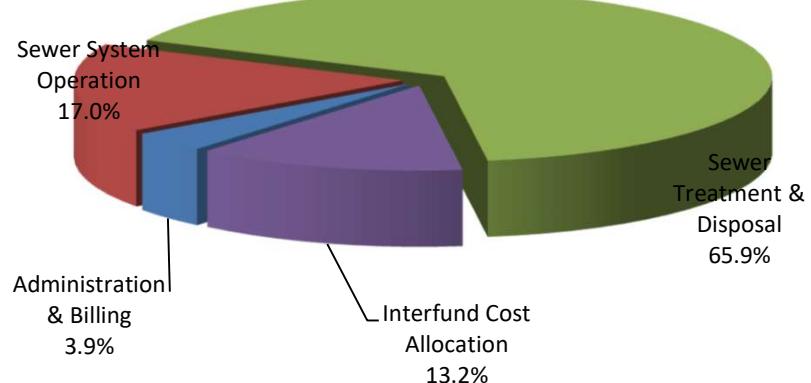

An annual levy from the GVS&DD for sewer treatment and disposal, accounts for over 56.8% of the expenditures in this fund. The GVS&DD has increased this levy by \$260,280 in 2026 to allow for upgrades and improvements to treatment facilities . The GVS&DD has indicated that there will be annual increases in sewer costs between 4-13% over the next five years.

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

## ADMINISTRATION & BILLING

**Program Description:** Costs are for the provision of the following services: Administration of Sewerage & Drainage maintenance, Billing and Collection.

**Output:** The primary expenditure in this program is Personnel costs. These costs are associated with administering the maintenance of the sewer system, and other costs associated with billing and collection of sewerage revenues.

### 6 Year Expenditure Comparison

## SEWER SYSTEM OPERATION

**Program Description:** Provides for the maintenance and repair of the community's sanitary sewer and drainage systems. Services include sanitary sewer flushing of mains, repairing plugged services, locating and adjusting manholes, repairing sanitary and drainage mains and manholes. There is also regular monitoring of the amount of flow in the sanitary sewer system to determine if there is an inflow and infiltration problem in the system.

**Output:** To maintain the drainage, storm sewer and sanitary sewer system to remove impediments in order to operate effectively during peak demand and flood conditions. To maintain our four sanitary lift stations that form a key part of our sanitary sewerage distribution system. These stations convey liquid waste from some of the lower lying areas within the city, through a series of pumps, to the Greater Vancouver Sewer & Drainage District transmission mains. Regular maintenance to the pumps and other components of the lift station is required to minimize the threat of sanitary backups to businesses and residences in these areas.

### SEWER AND DRAINAGE EXPENDITURES

## SEWER TREATMENT & DISPOSAL

**Program Description:** The City's sanitary discharge is dumped to the Annasis Island treatment plant, which is operated by the GVS&DD. An annual levy is charged by the GVS&DD to recover the operating cost for the treatment plant. The GVS&DD will be starting to meter the actual sanitary discharge from the City, therefore the annual levy will be phased out over the next five years and the City will be charged on actual discharge volume.

# Water Fund

## 2026-2030 Financial Plan

## WATER FUND

Water fees are made up of two components, a flat fee and a volume based fee. Volume is based on the property's metered water consumption, which is then billed on a annual basis for most residential properties and low consumption commercial properties. The consumption based charge will increase \$0.17/CM in 2026. Future years volume based rates for customers for 2027-2030 are estimated to increase between 2.3-3.0% annually.

The rate increase is to offset an increased allocation of administrative costs from the general fund, increase in the GVWD water rates and an increases in wages and supplies.

Water rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2026 will be \$754.80(an increase of \$56.10 over 2025), and \$466.40 (an increase of \$32.30 over 2025) for a Strata Dwelling.

Commercial Water usage is also metered, but is billed on a bi-monthly basis instead of annually. If the bi-monthly bill is paid before the discount date the rates are comparable to residential rates, otherwise they are 10% higher.

Other Water revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes. Also included is a recovery fee for the maintenance and operation of fire hydrants.

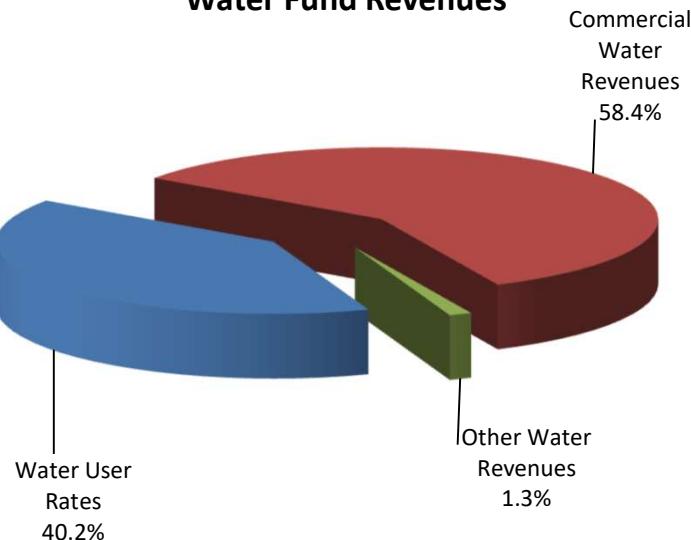

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

The GVWD has indicated that there will be increases in water costs over the next 5 years to allow for improved water infrastructure, the plan presented includes an increase of 6.4% in rates for 2026. The water purchase cost of \$4.54 million makes up 57.7% of the expenditures in the water fund. The plan presented allows additional increases in the next four years (2027-2030) of an average of 2.7% annually.

## ADMINISTRATION & BILLING

**Program Description:** This program provides funding for Administration, as well as billing and collections of the City's water system. Provision for reading residential water meters once a year and reading commercial water meters once every two months.

**Output:** Water consumption is broken down into two categories, Residential and Commercial. Residential is currently read once a year and is billed on the annual property tax notice. Commercial accounts are read and billed on a bi-monthly basis. This program's main expenditure is for Wages & Benefits which includes a proportion of the Director of Engineering and the Manager of Engineering Operations.

## WATER SYSTEM OPERATION

**Program Description:** To ensure proper operation of all facets of the water distribution system by undertaking a detailed maintenance program including: water mains, fire hydrants, line and lateral valves, PRV's, reservoir, pumps, backflow preventers, water meteres and air valves.

**Output:** To provide excellent quality water to residents of the City; adhere to requirements set out in the Drinking Water Protection Act; and to extend the useful life of distribution infrastructure. To ensure the supply of potable water to the residents is uninterrupted and the quality is safe for consumption. To maintain fire hydrants and line valves annually. Water mains require flushing at least once per year to remove bio-deposits that can negatively affect water quality and provide a growth medium for harmful micro-organisms in the event they are introduced into the system. PRVs require maintenance to ensure system pressures do not fluctuate excessively. Maintain reservoir and pump stations to provide water storage, additional supply and pressure during peak demand.

## WATER PURCHASES

**Program Description:** The City purchases water from the GVWD (Greater Vancouver Water District) for all residential, industrial, commercial, and institutional properties. The City's water consumption is measured by a single meter from the GVWD and is billed on a monthly basis.

**Output:** All water is purchased from the GVWD to supply the residents of Langley. The City maintains a water reservoir to ensure supply of water to City residents in the case of any temporary stoppage in supply from the GVWD.

## CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS

Item	Project Name	Description
<b>General Government Services Projects</b>		
GG1	IT Computer Workstation Upgrade	Workstations are replaced after five years of service.
GG2	IT Infrastructure Upgrade	Various server and software upgrades
GG3	Office Equipment Replacement	Ongoing office equipment replacements.
GG4	Tempest Software	Upgrade the Tempest software
GG5	ActiveNet	Upgrade the ActiveNet recreation software
GG6	Community War Memorial (June 17 motion)	Supply and install a monument at the Langley Cenotaph, inscribed with the names of the individuals from the Langley's who died in WW1, WW2 and the Afghanistan War.
GG7	CCTV	Supply and install CCTV upgrades and expansion at City facilities for security and loss prevention.
GG8	City hall Workspace Reconfiguration	Reconfigure office and common areas within City Hall to improve functionality, efficiency, and staff workspace needs
GG9	Bylaw Enforcement Vehicle	Purchase and equip a vehicle for bylaw enforcement services
GG10	Animal Control Equipment	Acquire equipment to support animal control operations, including safe handling and transport
GG11	Invest Langley City	To develop and implement an engagement process to helps the community understand Invest Langley City and allow Council and staff to better understand public perspectives on funding options, priorities and willingness to support new investments under Invest Langley City.
GG12	Innovation District Marketing	Inspired by the Economic Development Strategy, a FoodTech Innovation District highlights the region's agricultural strength and links food manufacturing with tech innovation. Entrepreneurship focuses on growing local talent. A revitalized downtown fosters community and supports business growth. With Langley City spanning just 10 sq. km, land use must creatively balance walkability with economic viability. Key enablers—like healthcare and transit—must be integrated into all planning to build a strong, community-focused foundation. The budget will put the resources needed in place to implement communication, engagement and branding strategies to action.

# Protective Services Capital Improvement Plan 2027 - 2035

**CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS**

Item	Project Name	Description
<b>Protective Services Projects</b>		
RP1	RCMP Office Equipment & Computers	To provide funding for computers, furniture and equipment replacements at the RCMP detachment, including hydraulic work stations for the Telecom (911 dispatch) room. Includes a \$10,000 allowance for unanticipated purchases.
RP2	RCMP Building Improvements	Repair the main RCMP detachment building
RP3	Public Safety Building	Purchase land and design a public safety building.
FD1	LCFRS Hose & Nozzles	Replace hose and obsolete nozzles.
FD2	LCFRS Furniture	Replace damaged and worn office and sleeping quarters furniture
FD3	2 Officer Vehicle Replacements	Replace 10 year old pick up trucks used by the Duty Chiefs
FD4	Rehab Vehicle Replacement	Replace 30 year old rehab unit
FD5	Fire Hall Expansion	Expansion of the existing firehall to facilitate seismic upgrades and provide additional space for staff, apparatus and Emergency Operation Centre
FD6	Fire Engine Replacement	Replace 25 year old fire engine
FD7	LCFRS Walkway and Drainage	Continued deterioration of sand base and bricks will increase costs of repair as well as uneven surfaces may become a tripping hazard that will need to be deal with as a repair
FD8	LCFRS Ground Ladders	Reduces repair costs for older ladders, or the need to purchase ladders at a higher cost on an emergency basis
FD9	LCFRS Auto Extrication Equipment	Purchase new battery powered Auto extrication equipment for the new Engine and Squad units
FD10	LCFRS Water Rescue Equipment	Provide funding for the complete set of Water Rescue Equipment
FD11	LCFRS Turnout Gear	New and replacement turnout gear

### CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS

Item	Project Name	Description
<b>Engineering Projects</b>		
E1	Equipment Replacement	Replace For F550 with bucket lift, Ford pick-up, Rigid Utility Locator
E2	Public Spaces Waste Management	Purchasing of new waste receptacles for both street scape and parks to achieve a consistent approach for public waste management. This will include dog waste receptacles for streetscape at targeted locations.
E3	Bridge Assessment & Minor Repairs	On a 3-Year rotational basis, existing road and pedestrian bridges are to be inspected for safety and structural issues and for compliance with applicable codes and regulations
E4	Retaining Wall Inspection and Repair	On a 3-Year rotational basis, existing culverts are to be inspected for safety and structural issues and for compliance with applicable standards and regulations
E5	Tree Well Trip Hazard Reduction	Repair brick sidewalks around tree wells in the Downtown core reducing trip hazards.
E6	Street Light Upgrades	Street light poles, service base, junction boxes and underground circuits to be replaced and installed as deficiencies are identified
E7	Accessibility Improvements	Two bus pad upgrades in 2026 and one in 2027 along with small accessibility improvements
E8	Pedestrian Facilities (DCC-T) 75%	Design and construction activities associated with providing minor pedestrian facility improvements.
E9	Bicycle Facilities (DCC-T) 29%	Design and construction activities associated with providing minor bicycle facility improvements.
E10	Traffic Signal Upgrades (DCC-T097)75%	Construction of minor traffic signal upgrades - UPS install, pre-emptive upgrades, signal optical detectors, etc.
E11	Transit Shelter Installation (DCC-T093) 75%	Per Transportation 2050 and Council approval, implement new policy - prioritize shelters at stops with >25 daily boardings.
E12	Road Rehabilitation - MRN	TransLink OMR funds to pave and replace street light and signal assets as necessary to maintain a minimum condition as required by TransLink. Scope determined as a part of the currently ongoing Pavement Management Strategy project
E13	Road Rehabilitation - LRN	Local Road Network Paving. Scope determined as a part of the currently ongoing Pavement Management Strategy project
E14	Local Area Service Improvements	Funding to address local area service improvement requests from residents
E15	Traffic Calming	Planning, design and construction of traffic management measures in local areas and neighbourhoods to address safety and operational issues
E16	Asset Management Implementation	Annual budget to improve Asset Management Program, to include studies of existing pavement condition, generation of models to ensure levels of service are adequate for the storm/sanitary sewers and the watermains
E17	Environmental Initiatives	Project partially funded provincial government as part of Climate Action Program
E18	Transportation Plan Update (DCC-096) 100%	Finalisation of Transportation 2050 Plan
E19	Logan Ave (200 St - 204 St)	Remove and replace the top layer of asphalt from 200 Street to 204 Street along Logan Avenue in conjunction with the watermain detwinning project.
E20	Langley Bypass Cycling / Intersection Upgrades (DCC-T071 50% & DCC-080 75%)	Construct intersection improvements at Langley Bypass/56 Ave & Langley Bypass/Fraser Hwy and construct multi-use path on both sides of Langley Bypass.
E21	Grade Crescent - 203 Street to 205 Street MUP (DCC-T061 75%)	Design & Construction of a multi-use path on the north side of Grade Crescent to facilitate active transportation.
E22	Grade Crescent - 200 Street to 205 Street Paving	2027 paving after completion of multi-use pathways and watermain upgrades.
E23	Michaud Cres MUP (201A St to 203 St)	Construction of multi-use path along north side of Michaud Crescent to enable active transportation in conjunction with already completed cycle track on the south side of Michaud Crescent

**CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS**

<b>Item</b>	<b>Project Name</b>	<b>Description</b>
E24	200 Street (Michaud Cr - & Brydon Cr)- Road widening, Intersection Improvements and bike facilities (DCC-T083 & T098)	Culvert replacement, widening, bike and intersection improvements
E25	46 Avenue - 196 Street to 200 Street (DCC-T047) 75%	Pedestrian and bicycle improvements per Transport 2050
E26	DCC Bylaw Update	
E27	Intersection Improvements - 53 Avenue / 200 Street (DCC_T079) 90%	In conjunction with adjacent development add separate left turn lanes by modifying lane marking on the east and west legs of 53 Ave at 200 St
E28	Grade Cres South Side Sidewalk	Improve sidewalk accessibility from 203 St east to the south side bus stop
E29	Fraser Hwy to Industrial Way MUP (with Skytrain)	Pedestrian and bicycle improvements per Transport 2050
E30	54 Ave (203 St - 204 St)	Bicycle improvements per Transport 2050
E31	Michaud Cres (200 St - 201A St)	Bicycle improvements per Transport 2050
E32	206 Street - 53A Avenue to Douglas Crescent MUP (DCC-T034) 75%	Bicycle improvements per Transport 2050
E33	62 Ave (201A - 204 St ) (DCC-T057 & T084) 75%	Improve south side of 62 Ave for pedestrian and bicycles
E34	Parking Study Implementation	Pedestrian and bicycle improvements per Transport 2050
E35	201A St (53 Ave - Michaud Cres)	Bicycle improvements per Transport 2050
E36	54 Ave (201A St - 203 St)	Pedestrian and bicycle improvements per Transport 2050
E37	Langley Bypass (Glover Rd - 56 Ave) - MUP DCC-T064	Pedestrian and bicycle improvements per Transport 2050
E38	204 St (Douglas - 53 Ave)	Bicycle improvements per Transport 2050
E39	196 St (44 Ave to 56 Ave)	Bicycle improvements per Transport 2050
E40	53 Ave (200 St - 202 St)	Pedestrian improvements
E41	Douglas Crescent - 204 Street to 208 Street Bike Lanes (DCC-T058) 75%	Add bi-directional buffered bike lanes on the south side, review parking
E42	Operations Centre Phase 1	Design and construction of the building

**CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS**

Item	Project Name	Description
<b>Parks Projects</b>		
P1	Equipment Replacement	Replace: dodge ram 3500 flat deck (\$50,000);Ford F250 with Tommy Gate (\$80,000); Ford F350 Pickup utility box with crane (\$90,000).
P2	Neighborhood Park Upgrades	Minor upgrades and equipment replacements for parks like Buckley Park, Conder Park and other neighborhood parks and open space.
P3	Street Boulevard Trees	Enhance the street tree canopy.
P4	Portage Park Upgrades (DCC-009)	Due to vandalism on picnic shelter, and insufficient insurance coverage, funds are needed to replace the shelter.
P5	Uplands Dog off Leash Washroom and Dog Wash	To build a new washroom and built in dog wash station at uplands with sanitary/storm improvements
P6	City Park Upgrades (DCC-P002)	Undertake improvements to washroom buildings, including replacement of batting cage, and concession. Design in 2026/construct in 2027.
P7	Brydon Park - Phase II (DCC - P007)	Conduct moderate upgrades of the paths and nature interpretation
P8	City Park Spray Park (Amenity)	Upgrade spray park features.
P9	Douglas Park Upgrades (DCC-P004)	Drainage, pathways and field improvements.
P10	Trail Infrastructure Expansion (DCC-017)	Expand and improve trail networks to support connectivity, accessibility, and active transportation
P11	Buckley Park Upgrades (DCC-P003)	Undertake drainage, field, and pathway improvements to enhance usability and safety
P12	Parkland Acquisition (DCC-P001)	Secure additional parkland, with Brydon Park identified as a priority
P13	Increase Accessibility Penzer to Buckley (DCC-P016)	Develop accessible trail connections between Penzer Park and Buckley Park
P14	Nicomekl Park- Trails, Interpretive Signage, Viewing Platform (DCC-P019)	Construct new trails, add interpretive signage, and build a viewing platform along the Nicomekl River
P15	Penzer Park Improvements (DCC-P005)	Upgrade amenities, trails, and recreational features within Penzer Park
P16	Rotary Park	Implement Phase 1 of Masterplan
P17	Douglas Park - Lawn Bowling Green and Clubhouse	Consider rebuilding the lawn bowling green in Douglas Park with artificial turf and rebuild the clubhouse as a multi-use facility, in partnership with the lawn bowling club and other user groups.
P18	Linwood Park- Trees, Pathway, Drainage (DCC-P008)	Conduct moderate upgrades to the park as outlined in the planning process.
P19	Sendall Gardens- Building Area (DCC-P006)	Implement Phase 1 of the Masterplan
P20	Rotary Park	Consider rebuilding the lawn bowling green in Douglas Park with artificial turf and rebuild the clubhouse as a multi-use facility, in partnership with the lawn bowling club and other user groups.
P21	Douglas Park - Lawn Bowling Green and Clubhouse	Improvement anticipated in the DCC bylaw
P22	Portage Park Upgrades (DCC-009)	Conduct moderate upgrades to the park as outlined in the planning process.
P23	Linwood Park - Trees, Pathway, Drainage (DCC-P008)	Upgrade park amenities
P24	Linwood Park - Upgrade Park Amenities	Make improvements anticipated in the DCC bylaw.
P25	Sendall Gardens - Building Area (DCC-P006)	Improve pathway and trails.
P26	Hydro ROW Greenway - Paved Trails, Community Gardens	Make improvements anticipated in the DCC bylaw
P27	Brydon Park - Land Acquisition (DCC-P001)

## CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS

Item	Project Name	Description
<b>Recreation Projects</b>		
R1	FVRL Furniture	Replace old furniture that is no longer repairable
R2	AAMP Water Bottle Station	Replace two water fountain stations at Al Anderson Memorial Pool to a water bottle filling and water fountain station
R3	AAMP Electrical	Replace 6 pool lights in the basin, 3 overhead lights on the deck and 4 hand dryers
R4	AAMP Pipe Insulation	Change in regulation requires the piping in the mechanical room at the pool to be insulated
R5	Events supplies	Purchase tables, chairs, tents, cord covers, signage and safety equipment for events
R6	Events Lighting bars at Spirit Stage	Replace and Re-install lighting bars on each side of the Spirit Stage
R7	TCC and AAMP Digital Displays	Replacing outdated TVs located in the lobby of Timms and Al Anderson Pool
R8	TCC Patio Planters	Repairs to planters around the perimeter of the patio outside of games/weightroom
R9	TCC Weight Room	Replace worn out equipment that is no longer under warranty and may be a safety concern.
R10	TCC Games Room	Replace aging or broken equipment, and add new equipment to games room
R11	Facility Asset Management	Implement an asset management program for all civic facilities
R12	Asbestos Survey in all civic facilities	New WorkSafe regulations now require inventory and exposure control plan for all civic facilities
R13	Public Art (Community Amenity Fund)	To provide amenities within the community funded by development (public art, street furniture, hydro box wraps and other beautification measures)
R14	Banner Installation	Replace banners on a scheduled cyclical plan
R15	Library - Replace Carpet Tiles	Replace the carpet tile throughout the library due to wear and tear.

## CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS

Item	Project Name	Description
<b>Sewer &amp; Drainage Utility Projects</b>		
S1	Sewer Inspection Camera Replacement	Camera replacement needed as existing is no longer serviceable.
S2	Lift Station Upgrades	Various upgrades required to increase resiliency over next three years.
S3	I&I Reduction Program	Introduce an annual program which encompasses the following old projects which their purposes are to tackle Infiltration
S4	Culvert Replacements	Major culvert Rehabs based on the Culvert Inspection Reports
S5	Sewer Upgrades - various	Sewer upgrades from I&I program,
S6	Drainage upgrades - various	Drainage upgrades from servicing plan
S7	Grade Crescent (203 St to 205 St) (D-012 29%)	2026 Storm Sewer upgrade in conjunction with MUP construction 230m of Drainage
S8	Drainage Model/servicing plan (DCC-D019 29%)	2026 Develop drainage model/plan
S9	Localized drainage review - 205 St/53A Ave outfall	Localized drainage study in response to recurring surcharging issues during major rain events
S10	57A Ave at Baldi Creek - culvert replacement	A culvert replacement on 57A Avenue at Baldi Creek is planned for 2027, based on recommendations from the 2022 Culvert Inspection Report
S11	Lane north of 56 Ave (Producion Way to 198 St/56 Ave Interseccion	Approximately 300 metres of aging 200ø AC sanitary main will be upgraded to 300ø PVC to address capacity limitations and infrastructure deterioration. and along 198 Street from 56 Avenue to back lane of 19774.
S12	Sanitary Servicing Plan (DCC-S010 100%)	2027/2032 Update the sanitary servicing plan
S13	Lane East of 203 St (Logan Ave to n/o Industrial)	Upgrade 200ø AC sanitary main to address existing capacity limitations and improve system performance .
S14	Production Way (198 St east to SMH107)	Upgrade 200ø AC sanitary main to address existing capacity limitations and improve system performance along Production Way from 198 Street
S15	203 Street & Dairy Queen - Lane to Douglas Crescent (DCC-S004)	Upgrade 250ø AC sanitary main to address existing capacity limitations and improve system performance. Portions of the work were partially completed by a developer between 2024 and 2026
S16	ISMP Update (DCC-D019 29%)	Update the Integrated Stormwater Management Plan
S17	199 Street/lane from Producion to 1/n 56 Ave (DCC-S006)	Upgrade approximately 360 metres of 200ø AC sanitary main to address capacity limitations and aging infrastructure. The work includes two locations: • Along 199 Street, from the front of 5669 to 5631, continuing to the east end of the 19939-51 back lane. • Through the right-of-way at 5850 Production Way, extending to the northeast property corner.
S18	Michaud Cres (200 St - 201A St)	Upgrade approximately 340 metres of 350ø AC sanitary main to address existing capacity limitations and improve system performance along Michaud crest from 200 Street to 201A Street.
S19	208 St (from SMH461-SMH2973)	Upgrade approximately 160 metres of 300ø AC sanitary main to address capacity limitations and improve system performance. The upgrade will take place along 208 Street, from the front of lots 5390-96, crossing the Nicomekl River to SMH1426.
S20	Drainage Servicing Plan	2032 Updates to the drainage plan

## CAPITAL IMPROVEMENT PLAN - PROJECT DETAILS

Item	Project Name	Description
<b>Water Utility Projects</b>		
W1	AC / CI Watermain replacement - various locations	Design and Construction to replace aged AC watermains throughout the City as part of the Watermain renewing Program
W2	Water Meter Replacement Program	
W3	Grade Crescent (200 St - 203 St)	Upgrade approximately 702m of existing 250Ø AC watermain address aging infrastructure and repeated point failures on Grade Cres from 200 Street to 203 Street.
W4	Fire Flow Review for SSMUH	Review the water system against small scale multi-unit housing
W5	204 Street - 51A Avenue to 53 Avenue	Upgrade approximately 250 m of existing 150Ø watermain to address insufficient fire flow in the following areas: • 204 Street- from 51 A Avenue to 53 Avenue • 5294 Block Lane - from 204 Street
W6	207A St from 44 Ave to 4511 207A Street	Upgrade approximately 250 m of existing 150Ø watermain to address insufficient fire flow in the following areas: • 44A Avenue - from WHY1 at 20670 to 207A Street • 207A Street - from 44 Avenue to 4511 207A Street • 4500 Block Lane - from 207A Street to 208 Street
W7	Old Yale Rd	Upgrade approximately 285m of existing 150Ø AC address insufficient fire flow and pipe aging on 20980 Old Yale Road.
W8	203 St (Douglas to Michaud)	Replace AC pipe
W9	Langley Bypass at 209 St (5500 Langley Bypass)	Upgrade approximately 100m of existing 150Ø AC watermain with new watermain to address insufficient fire flow at 20701 Block Lane - from Langley Bypass
W10	54 Avenue - 201A Street to 203 Street (DCC-W015) 100%	This project is in conjunction with Road Rehab. It is recommended to be upgraded as part of Water Servicing Plan
W11	199 Ave & 199A Ave (south of 45A)	Upgrade approximately 115m of existing 100Ø AC watermain to address insufficient fire flow in the following areas: • 199A Street - from dead end to 45A Avenue • 199 Street -from dead end to Tee on 45A Avenue
W12	196 Street/46 Avenue - 196 Street to 196A Street (DCC-W005) 100%	Upgrade approximately 275m of existing 150Ø AC watermain to address insufficient fire flow in the following areas: • 196 Street- from 4534 196 Street to 46 Avenue • 46 Avenue - from 196 Street to 196A Street
W13	49 Ave (196 St - 200 St)	Upgrade approximately 790m of existing 150Ø AC watermain to address aging infrastructure.
W14	53A Avenue - 199A Street to 200 Street (DCC-W003) 100%	Upgrade approximately 52m of existing 150Ø watermain to address insufficient fire flow
W15	206 Street - 53A Avenue to Douglas Crescent (DCC-W009) 100%	Upgrade approximately 330m of existing 150Ø AC watermain to address insufficient fire flow
W16	53 Avenue - 201A Street to 203 Street (DCC-W007) 100%	Upgrade approximately 310m of existing 150Ø AC watermain to address insufficient fire flow and ageing infrastructure
W17	50A Ave (205 St - 205A St)	Upgrade approximately 91m of existing 100Ø AC watermain to address insufficient fire flows
W18	208 St (Fraser Hwy - 56 Ave)	Upgrade approximately 263m of existing 150Ø watermain to address insufficient fire flow and ageing infrastructure
W19	60 Ave at Langley Bypass	Upgrade approximately 67m of existing 150Ø watermain to address insufficient fire flow and ageing infrastructure
W20	196A Ave (Fraser Hwy - 60 Ave)	Upgrade approximately 186m of existing 150Ø AC watermain on 196 A Street from Fraser Highway to 60 Avenue.
W21	205A Ave at Duncan Way	Upgrade approximately 127m of existing 150Ø PVC watermain to address insufficient fire flow on 205A Street from Dead End to Duncan Way
W22	Water Servicing Plan (DCC-W018) 100%	Comprehensive framework for the future development, operation, and management of the municipal water system

## Reserve Fund

<b>Reserve Funds</b>	<b>Purpose</b>	<b>Funding Source</b>
Capital Works Reserve	Used for the purposes of capital projects.	1) Annual contribution from general revenues.  2) At year-end, surplus funds from: excess revenues, reduced expenditures and temporary labour vacancies
Prosperity Fund	Used to support the implementation of the recommendations outlined in the Langley City: Nexus of Community and Langley City Vision: Recommendations and Implementation Report documents.	1) Annual allocations are not made; allocations are based on Council direction.
Equipment Replace Fire Dept	Used for the purchase and replacement of existing fire vehicles and equipment.	1) Annual contribution from general revenues.
Lane Development Reserve	Used to collect a funds from the developers to provide for the construction of lanes abutting each property a developer wishes to advance on to rezoning.	1) Developer payments of cash in lieu.
Machinery Replacement Reserve	Used to provide replacement of machinery and equipment of all kinds required for public purposes.	1) Annual contribution is based on an equipment charge system: <i>Machinery is charged out to recuperate the annual cost of insurance, fuel and maintenance and provide for future vehicle replacement</i>
Off Street Parking	Used for capital expenditures for the improvement or addition of property held by the City of the purposes of providing public off-street parking.	1) Contribution from deficit parking permit applications.  2) Revenues from the monthly rental of off-street parking spaces is contributed to the reserve.
Office Equipment	Used for the replacement of existing office equipment.	1) Annual contribution from general revenues.
Parks & Recreation	Used for the purchase of land, equipment, land improvements or buildings for parks or recreational purposes.	1) Annual contribution from general revenues.

## Reserve Accounts

<b>Reserve Accounts</b>	<b>Purpose</b>	<b>Funding Source</b>
Community Works Fund	This reserve provides stable funding to local governments in British Columbia for infrastructure and capacity-building projects, supporting community priorities and development.	1) Annual grant from Government of Canada through the UBCM.
Future Police Cost	To provide funds for policing related capital investments.	1) Any unspent funds from the current police operating account of each budget, is placed in this reserve fund.
Gaming Proceeds	Casino proceeds received by the City are deposited into a separate reserve account. Eligible Costs made from the reserve account have to be reported annually to the Ministry.	1) Annual casino proceeds transferred from the Province of BC.
Major Road Network Rehab	The Greater Vancouver Transportation Authority pays the City per lane kilometer of road to operate, maintain and rehabilitate the km of the Major Road Network in the City.	1) A portion of the funding is allocated towards future rehabilitation and is deposited to the reserve for that purpose.  2) Any unspent operating and maintenance funding is also transferred to the reserve at the end of each year.
Sewer Future Capital	Used to fund sewer and drainage capital projects.	1) Annual transfer from sewer general revenues is made to the reserve.  2) Any surplus operating results are transferred to the reserve for future sewer capital works.
Special Bond Reserve	Funds collected from developers (cash in lieu) to be used to complete road and sidewalk work in front of developments or undergrounding telephone and electrical wiring which will be undertaken when the rest of the street or adjoining properties are also redeveloped.	1) Developer payments of cash in lieu.
Tax Rate Stabilization	To help reduce property tax fluctuations for unforeseen new or temporary expenditures, extreme weather events, etc. if funding is not available in our operating budget.	1) One-time contributions as per City Council direction.  2) Surplus funds collected for debt servicing costs - related to timing differences from when debt was budgeted to when interest and principle costs were incurred.
Water Future Capital	Used to fund water capital projects.	1) Annual transfer from water general revenues is made to the reserve.  2) Any surplus operating results are transferred to the reserve for future water capital works.

## **Development Cost Charges**

*The city also has Development Cost Charge Accounts which are treated as a liability for financial statement purposes and are an accumulation of deposits made by developers to carry out capital projects identified in the DCC Bylaw.*

**Purpose:** For the payment of a debt incurred as a result of an expenditure, or the expenditure of a capital payment, including planning, engineering and legal costs for providing, altering or expanding sewerage, water, drainage, highway facilities or public open space related directly or indirectly to the development in respect of which development cost charges have been imposed.

**Funding Source:** Contribution from developers / builders prior to new construction.

## GLOSSARY

<b>Accounting Principles</b>	A set of generally accepted principles for administering accounting activities and regulating financial reporting. These principles comply with Generally Accepted Accounting Principles for British Columbia municipalities.
<b>Accrual Accounting</b>	An accounting method where revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period in which they are incurred.
<b>Assessed Value</b>	The value calculated for each parcel of real property using appraisal criteria established by the B.C.A.A. Each property reflects market prices of the land and its improvements and recognizes any change of use. These values are the basis of levying property taxes.
<b>B.C. Assessment Authority</b>	(BCAA) This provincial agency is assigned to appraise and evaluate all real property within British Columbia.
