3. **FOR DISCUSSION**

a. Glover Road Gateway

The Director of Recreation, Culture and Community Services suggested a two-part process that includes a) a request for qualifications that is then narrowed down to three proponents and then b) a request for concept proposal.

The budget for this art project is \$312,950.00. A portion of these funds will need to be kept for the installation, permitting and engineering costs, as well as a stipend to the shortlisted proponents.

The committee needs to consider a theme, the life expectancy of the artwork and 3D structure guiding principles.

A discussion on a theme and a style took place with the committee agreeing on a theme of 'Gateway to Innovation'. This theme considers the location which is the entry point to the Innovation Boulevard as depicted in our OCP, as well as bridging both indigenous history and the modernization of the area.

b. Heritage Markers

The Director of Recreation, Culture and Community Services shared that the city had heritage markers made in partnership with Rotary during the years we competed in Communities in Bloom. Unfortunately, they did not last as it was paper under plexiglass. We have copies of all the content, and the idea is to use the same frames that were purchased for the recent James Douglas sign. Based on budget, we could add a certain number each year. The Director suggested that we could also connect with Discover Langley City to include the signs in a heritage walk.

Ms. Reams mentioned that there used to be a sign in front of Michaud House that is no longer there. Staff will investigate and see if any information can be found.

Ms. Magnusson mentioned the heritage grove at the Langley Community Music School. This will be added to the inventory.

c. 2025 Workplan

The committee discussed the draft workplan which includes the following:

1. Rotary Centennial Park Road Naming
2. 2025 Langley City Film Festival
